**Subject:** Closure of Administrative Order – Chief Joseph RV Park PWS#5601552, Docket No. SDWA-08-2024-0007, Park County

Good afternoon,

The EPA has decided to close the Administrative Order (Order) regarding the public water system specified in the subject line. Based on the Change Form received May 13, 2025, the EPA has determined that the system no longer meets the definition of a public water system.

Please be aware that if in the future you operate a system, for the provision to the public of water for human consumption, that has at least fifteen service connections or regularly serves an average of at least twenty-five individuals daily at least 60 days out of the year, you are required to comply with the National Primary Drinking Water Regulations (drinking water regulations), 40 C.F.R. part 141. Violation of the drinking water regulations may result in a court-imposed injunction and/or penalties.

If you have any questions regarding this matter, please contact me.
