Re: Administrative Order issued to Fast Stop 1133 Incorporated regarding the Orin Junction Truck Stop Public Water System, PWS ID #WY5601601, Docket No. SDWA-08-2021-0039

Dear Mr. Shahram:

Enclosed is an Administrative Order (Order) issued by the United States Environmental Protection Agency under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that Fast Stop 1133 Incorporated (Company), as owner and/or operator of the Orin Junction Truck Stop Public Water System (System), has violated the EPA's drinking water regulations at 40 C.F.R. part 141 (Part 141). The EPA is issuing this Order because our previous compliance assurance efforts have not been effective in returning the System to compliance with Part 141.

The Order is effective upon the date received. Please review the Order and within 10 business days provide the EPA with any pertinent information the Company believes the EPA may not have (*e.g.*, any monitoring that may have been done but not submitted, any updates to the number of service connections and/or individuals served). If the EPA does not hear from the Company, the EPA will assume this information is correct. If the Company complies with the Order, the EPA may close the Order without further action. Failure to comply with the Order may trigger immediate action by the EPA, including a complaint seeking administrative penalties of up to \$59,017 (as adjusted for inflation) per day of violation, a federal court injunction ordering compliance, or both.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small entities, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or Part 141. Also enclosed are several templates and fact sheets to assist you in addressing the outstanding violations.

Please be aware that you are required to submit to the EPA a plan and schedule for bringing the System into compliance with Part 141. The EPA's approval of the Company's schedule does not substitute for any other approval that may be required by any other governmental entity for modifying the System.

The EPA encourages the Company to contact any such governmental agency or agencies regarding any applicable approval requirements.

The EPA acknowledges that the COVID-19 pandemic may be impacting your business. If the System has specific COVID-19 issues that would affect the timeframes listed herein, please contact Steven Latino via email at latino.steven@epa.gov or by phone at (800) 227-8917, extension 6440, or (303) 312-6440 within 7 business days of receiving this Order. The EPA may, in its discretion, consider granting an extension.

If you have any questions or to discuss this Order with the EPA, please contact Steven Latino at the email and phone number provided above. Any questions from the attorney should be directed to Matthew Castelli, Senior Assistant Regional Counsel, via email at castelli.matthew@epa.gov or by phone at (800) 227-8917, extension 6491, or (303) 312-6491.

We urge your prompt attention to this matter.

Sincerely,

Colleen Rathbone, Chief
Water Enforcement Branch
Enforcement and Compliance Assurance Division
