Subject: RE: Goosewing Ranch Emergency Administrative Order Closure (WY5601510)
Date: Wednesday, August 11, 2021 8:49:35 AM

Dear Amy,

My apologies for sending this again, I want to make sure I include everyone who needs to know that the Emergency Administrative Order is now closed. The EPA has decided to close the Emergency Administrative Order (Order) regarding the public water system specified in the subject line. The EPA has determined that the requirements of the Order have been completed. They System can now return to normal routine sampling and no longer needs to collect weekly samples, and there is no need to send in daily updates.

Please be aware that you are still required to comply with the National Primary Drinking Water Regulations (drinking water regulations), 40 C.F.R. part 141. Violation of the drinking water regulations may result in a court-imposed injunction and/or penalties. Thank you for resolving these issues. If you have any questions regarding this matter, please contact me.
