Docket No. TSCA-04-2016-2528(S)

CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 16(a) of the Toxic Substances Control Act (TSCA), 15 U.S.C. § 2615(a), and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), 40 C.F.R. Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4. Respondent is Gulbrandsen Chemicals, Inc.
2. The authority to take action under Section 16(a) of TSCA, 15 U.S.C. § 2615(a), is vested in the Administrator of the EPA. The Administrator of the EPA has delegated this authority under TSCA to the EPA Region 4 Regional Administrator by EPA Delegation 12-2-A, dated May 11, 1994. The Region 4 Regional Administrator has redelegated this authority to the Director of the Air, Pesticides and Toxics Management Division by EPA Region 4 Delegation 12-2-A, dated January 14, 2009. Pursuant to that Delegation, the Director of the Air, Pesticides and Toxics Management Division has the authority to

commence an enforcement action as the Complainant in this matter and has the authority to sign Consent Agreements memorializing settlements between the EPA and Respondents.

3. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 C.F.R. § 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony; the making of any argument; or the adjudication of any issue in this matter, and in accordance with 40 C.F.R. § 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

4. Pursuant to Section 15 of TSCA, 15 U.S.C. § 2614, it is unlawful for any person to: (1) fail or refuse to comply with any rule promulgated or order issued under Sections 4, 5, or 6 of TSCA, 15 U.S.C. § 2603, § 2604, or § 2605, and any requirement prescribed by Section 5 or 6 of TSCA, 15 U.S.C. § 2604 or § 2605; (2) use for commercial purposes a chemical substance or mixture that the person knew or had reason to know was manufactured, imported, processed, or distributed in commerce in violation of Section 5 or 6 of TSCA, 15 U.S.C. § 2604 or § 2605; (3) fail to maintain records, submit reports or information, or permit access to or allow copying of records including but not limited to records and reports required by Section 8 of TSCA, 15 U.S.C. § 2607, and export notices required by Section 12(b) of TSCA, 15 U.S.C. § 2611(b); and (4) refuse to permit entry or inspection as authorized by Section 11 of TSCA, 15 U.S.C. § 2610.
5. Any person who violates a provision of Section 15 of TSCA shall be liable for a civil penalty in an amount not to exceed \$25,000 for each such violation, in accordance with

Section 16(a) of TSCA. The Debt Collection Improvement Act of 1996 requires the EPA to review and adjust penalties, as necessary, for inflation at least once every four years. As such, pursuant to the Adjustment of Civil Monetary Penalties for Inflation Rule, 40 C.F.R. Part 19, the revised maximum penalty for each violation occurring after January 30, 1997, through March 15, 2004, is \$27,500; for each violation occurring after March 15, 2004, through January 12, 2009, the maximum penalty for each violation is \$32,500; and for each violation occurring after January 12, 2009, the maximum penalty for each violation is \$37,500. Each day a violation continues may constitute a separate violation.

6. All Confidential Business Information (CBI) in this CAFO has been redacted. To determine the identity of the chemical substances referenced in this CAFO or the CBI that was deleted (CBI deleted), Complainant and/or Respondent should refer to the letter, dated March 7, 2016, sent to the Respondent identifying the potential violations of TSCA and notifying the Respondent of the opportunity to show cause why the EPA should not proceed with an enforcement action.
