Summary

The U.S. Environmental Protection Agency, Region 5, is providing this notice of its intent to file a Consent Agreement and Final Order (CAFO) against Great Lakes Petroleum Producers, Inc. (Respondent) which alleges Respondent failed to comply with Underground Injection Control (UIC) permit number MI-081-2D-0007 (the Permit) and federal regulations at its Class II disposal injection well facility in Jenison, Michigan. EPA has the authority to file the CAFO under Section 1423(c)(2) of the Safe Drinking Water Act (SDWA), 42 U.S.C. §300-2h. The CAFO proposes that Respondent pay a civil penalty of \$5,000. In determining this penalty amount, the economic impact of the penalty on the Respondent and its ability-to-pay a penalty was considered.
