Re: Findings of Violation and Order for Compliance

Docket No.: CWA-07-2011-0076

Dear Mr. Crocker:

On July 18, 2011, the above referenced Findings of Violation and Order for Compliance was filed with the Regional Hearing Clerk under the authority of Section 309(a)(3) of the Clean Water Act, 33 U.S.C. §§ 1319(a)(3). On July 27, 2016, the U.S. Environmental Protection Agency received the City of Mitchellville's report covering the first half of calendar year 2016. The EPA has reviewed that report as well as previous reports received from the City, and has determined that the requirements of the Order have been adequately met. This letter serves as a notification to you that the EPA is terminating the Order as provided in Paragraph 40 of the Order. The EPA's decision to terminate the Order is conditioned upon the accuracy of your representations to the EPA in response to the requirements of the Order.

The effect of this termination is limited to the requirements imposed under the Order. The City remains responsible for complying with its National Pollutant Discharge Elimination System permit and applicable state and federal laws. The EPA reserves all of its authorities, both legal and equitable, under the CWA and any other statutory, regulatory, or common law authorities of the United States.

If you have any questions relating to this letter or the above referenced enforcement action, please contact Wayne Dillard, of my staff, at (913) 551-7885, or Elizabeth Huston, the attorney assigned to this matter, at (913) 551-7525.

Sincerely,

Director
