Case Docket No. **CWA-05-2022-0008**

The U.S. Environmental Protection Agency (EPA), Region 5, is providing this notice of its intent to file a Proposed Consent Agreement and Proposed Final Order (Proposed CAFO) against Marquis, Inc. (Respondent) for violations of Section 301 of the Clean Water Act (CWA). This Proposed CAFO will settle alleged violations at a site located at the intersection of Prairie Industrial Parkway and Coffee Creek in Putnam County, Illinois. The Respondent discharged dredged and fill material into Coffee Creek without a CWA permit. Coffee Creek is a perennial tributary to the Illinois River, a traditional navigable water.

EPA alleges that from April 2017 through May 2018, Respondent placed dredged and fill material into Coffee Creek without a CWA permit. Coffee Creek had been straightened from a 2,480' meandering stream into a new 1,610' relatively straight open channel. The Respondent placed fill material into the original stream channel to fill it in, and they excavated the new, straight channel in its place. Both banks of the entire 1,610' new channel were cleared of woody vegetation and rip-rapped, whereas the original stream channel had a forested riparian buffer. Respondents used mechanized land-moving equipment to perform this work.

The alleged violations are of environmental significance because the meandering stream and forested riparian buffer reduced erosion within and into Coffee Creek, increased habitat for wildlife, improved surface water filtration, increased dissolved oxygen and organic carbon detritus, provided flood attenuation functions, and provided shade for both terrestrial and aquatic wildlife.

The alleged violations reduced the reach of navigable waters and increased siltation and sedimentation into Coffee Creek – resulting in reduced water quality. EPA and Respondent have agreed in principle that the Respondent will pay a civil penalty of \$60,000 to resolve these violations.

A copy of the CAFO may be viewed online at: [www.epa.gov/aboutepa/epa-region-5#events](http://www.epa.gov/aboutepa/epa-region-5#events) by clicking on the “Proposed Consent Agreement and Final Order” link on the Region 5 events calendar for the docket number identified above. Alternatively, the Proposed CAFO may be received by contacting the Regional Hearing Clerk at the email address below.
