Mr. Robinson,

The EPA has decided to close the Administrative Order (Order) regarding the public water system specified in the subject line. The system corrected the significant deficiencies that required correction by the Order.

Please be aware that you are still required to comply with the National Primary Drinking Water Regulations (drinking water regulations), 40 C.F.R. part 141. Violation of the drinking water regulations may result in a court-imposed injunction and/or penalties.

Thank you for resolving these issues. If you have any questions regarding this matter, please contact me.
