Ms. Santiago,

In the matter of J.N. Fogg Jr Enterprises, LLC, with Docket No: TSCA-01-2014-0034. We are requesting an extension of 60-days. The extension will allow us to time to gather all the financial documents necessary demonstrate that we do not have the ability to pay the penalty requested in EPA's complaint. It is very likely that demonstrating our inability to pay will resolve this case without litigation.

We have discussed this with the EPA and they will not object to this extension.

Thank you,  
John Fogg Jr.
