

U. S. ENVIRONMENTAL PROTECTION AGENCY REGION 6
PROPOSED ADMINISTRATIVE ORDER AND INFORMATION DEMAND
In the Matter of Blair Oil Investments, LLC, Respondent
Docket No. SDWA-06-2013-1104

FILED

STATUTORY AUTHORITY

The following findings are made and Order issued under the authority vested in the Administrator of the U.S. Environmental Protection Agency ("EPA") by Sections 1423(c) and 1445 of the Safe Drinking Water Act ("the Act"), 42 U.S.C. §§ 300h-2(c) and 300j-4. The authority to issue this Order has been delegated by the Administrator to the Regional Administrator of EPA Region 6 who further delegated such authority to the Director of the Compliance Assurance and Enforcement Division. The EPA has primary enforcement responsibility for underground injection within the meaning of Section 1422(c) of the Act, 42 U.S.C. § 300h-1(c), to ensure that owners or operators of Class II injection wells within Osage County, Oklahoma, comply with the requirements of the Act.

FINDINGS

1. Respondent, Blair Oil Investments, LLC, is a "person," within the meaning of Section 1401(12) of the Act, 42 U.S.C. § 300f(12).

2. At all times relevant to the violation alleged herein, Respondent operated an injection well located in the Northwest Quarter of Section 5, Township 25 North, Range 3 East, Big Bend Field, Osage County, Oklahoma, designated as Well Number 3 and EPA Inventory Number OS0017 ("the well").

3. Respondent is subject to the underground injection control program requirements set forth at 40 C.F.R. Part 147, Subpart GGG, which are authorized under Section 1421 of the Act, 42 U.S.C. § 300h.

4. EPA regulations require the operator of an "injection well," as defined at 40 C.F.R. § 147.2902, to:

a. Plug the well within one (1) year after termination of injection operations, pursuant to 40 C.F.R. §§ 147.2905 and 147.2909.

b. Maintain the well in a manner so contaminants cannot flow through the well into underground sources of drinking water ("USDWs"), as defined at 40 C.F.R. § 147.2902, pursuant to 40 C.F.R. §§ 147.2903(b) and 147.2909.

5. On November 19, 2010, and June 28, 2012, inspections by a representative of the Osage Nation showed the well to be inactive and the static fluid level in the well to be above the base of USDWs. This indicates that contaminants could be moving through the well into USDWs.

2012 NOV -5 PM 12:17
6. Respondent violated the regulations cited above by failing to plug the well within one (1) year after termination of injection operations and by maintaining the well with a static fluid level above the base of USDWs in the vicinity of the well.

7. Therefore, Respondent violated the regulations set forth at 40 C.F.R. §§ 147.2903(b), 147.2905 and 147.2909.

SECTION 1423(c) COMPLIANCE ORDER

8. Based on the foregoing findings and under the authority of Section 1423(c) of the Act, it is hereby ordered that within thirty (30) days from the effective date of this Order, Respondent shall either:

- a. Plug the well according to 40 C.F.R. § 147.2905; or
- b. Provide to the EPA a plan for future use of the well. Such plan shall include procedures Respondent would implement to prevent contaminants from moving through the well into USDWs, including a schedule for implementing such procedures.

NOTICE OF OPPORTUNITY TO REQUEST A HEARING

9. Respondent may request a hearing to contest the issuance of this Section 1423(c) Compliance Order, pursuant to Section 1423(c)(3)(A) of the Act, 42 U.S.C. § 300h-2(c)(3)(A). Submit the hearing request to the Regional Hearing Clerk (6RC-D); U.S. EPA, Region 6; 1445 Ross Avenue, Suite 1200; Dallas, Texas 75202 within thirty (30) days of the date of receipt of this Proposed Administrative Order.

10. A request for hearing should be included in any response to this Order. Respondent must file a response in order to preserve the right to a hearing or to pursue other relief.

11. Should a hearing be requested, members of the public who commented on the issuance of this Order during the public comment period would have a right to be heard and present evidence at a hearing under Section 1423(c)(3)(C) of the Act, 42 U.S.C. § 300h-2(c)(3)(C).

GENERAL PROVISIONS

12. Respondent may seek federal judicial review of the Order pursuant to Chapter 7 of the Administrative Procedure Act, 5 U.S.C. §§ 701-706. Section 706, which is set forth at <http://uscode.house.gov/download/pls/05C7.txt>, states the scope of such review.

13. This Section 1423(c) Compliance Order does not constitute a waiver, suspension, or modification of the requirements of 40 C.F.R. Part 147, Subpart GGG, which remain in full force and effect.

14. Issuance of this Section 1423(c) Compliance Order is not an election by EPA to forego any civil or criminal action otherwise authorized under the Act.

15. Violation of the term of this Section 1423(c) Compliance Order after its effective date or date of final judgment as described in Section 1423(c)(6) of the Act, 42 U.S.C. § 300h-2(c)(6), may subject Respondent to further enforcement action, including a civil action for enforcement of this Order under Section 1423(b) of the Act, 42 U.S.C. § 300h-2(b), and civil and criminal penalties for violations of the compliance terms of this Order under Section 1423(b)(1) and (2) of the Act, 42 U.S.C. § 300h-2(b)(1) and (2).

SETTLEMENT

16. EPA encourages all parties against whom an administrative order is proposed to pursue the possibility of settlement through informal meetings with EPA. Regardless of whether a formal hearing is requested, Respondent may confer informally with EPA about the alleged violations. Respondent may wish to appear at any informal conference or formal hearing personally, by counsel or other representative, or both. To request an informal conference on the matters described in this Order, please contact Mr. Ronald Van Wyk, of my staff, at (214) 665-6459.

17. If this action is settled without a formal hearing, it will be concluded by issuance of a Final Order.
