REGIONAL HEARING CLERK  
EPA REGION VI

Dear Mr. Anderson:

According to our records the referenced injection well has been plugged. Therefore, you are fully compliant with the referenced Proposed Administrative Order issued on January 7, 2013 and we are withdrawing the Proposed Order. We are deleting the well from our inventory of injection wells in Osage County, Oklahoma which are authorized by rule under the Underground Injection Control (UIC) program. Future use of this well for underground injection would require a UIC program permit. Thank you for promptly complying with Osage Underground Injection Control program requirements.

Please inform Mr. David Aguinaga within 15 days from the date of this letter at the letterhead address or by telephone at 214-665-6459 if you believe that authorization by rule for this well should continue.

Sincerely yours,

Willie Lane, Jr.  
Chief  
Water Resources Section
