STATUS REPORT

The Environmental Protection Agency Region 6 (Complainant) submits this statement with respect to the status of this matter.

Complainant and Respondent are in active settlement discussions and have reached an agreement. The parties have agreed to a compliance schedule which Complainant wants to include into a schedule. As such, Complainant intends to amend the Proposed Administrative Order to include the schedule. Also during the discussions, it was noted that the Ebert 8 well which was stated in the Proposed Administrative Order as not being plugged, had actually been converted to a production well. The Amended Administrative Order will reflect this change as well. Complainant intends to file the Amended Proposed Order within the next few weeks.

Respectfully submitted,

Ellen Chang Vaughan
