RE: CERCLA 08 2008 0008

Tina:

Subsequent to AOC CERCLA 08 2008 0008 being filed with your office, property ownership issues arose at the subject site which indicated that not all historical property ownership had been recorded with the County Clerk and Recorder's Office in the geographic area subject to this AOC. Thus, the map attached to Exhibit B (Environmental Covenant) of the AOC is incorrect.

The map attached is the proper map and should be attached to Exhibit B of the AOC. Please file it as the proper and correct map for Exhibit B to the AOC CERCLA 08 2008 0008.

Thank you for your assistance
