CERTIFIED MAIL RECEIPT RETURN REQUESTED

Brett Bruggeman
Executive Vice President & Winfield United Chief Operating Officer
Winfield Solutions, LLC
4001 Lexington Ave N
Arden Hills, MN 55126

Dear Mr. Bruggeman:

Based on your recent communications with the U.S. Environmental Protection Agency (“EPA” or “the Agency”), it is our understanding that Winfield Solutions, LLC (Winfield Solutions) wishes to transfer 21 50-lb bags of Drexel Chlorpyrifos 15G (EPA Registration No. 19713-505) currently located at 11901 US Highway 287, Dumas, TX 79029, to its warehouse located at 312 W O Street, Ogallala, NE 69153 due to the pending closure of the Dumas, TX warehouse. These stocks of Drexel Chlorpyrifos 15G products are currently subject to a November 2, 2022, Stop Sale, Use or Removal Order (SSURO) issued by EPA to Winfield Solutions. Paragraph 61(e) of the SSURO provides that any additional movement of the subject products that is not already permitted by the SSURO “is prohibited unless authorized by a modification to this Order or subsequent Orders.”

Upon consideration of Winfield Solutions’ request, the EPA by this letter modifies the SSURO and authorizes the above-described relocation of the Drexel Chlorpyrifos 15G stocks in Dumas, TX to Ogallala, NE, solely for the purpose of storage and subject to the requirements set forth in Paragraphs 61(b), (c), and (d), and 62 of the November 2, 2022 SSURO. Winfield Solutions should notify EPA as soon as the product transfer is complete. Any additional movement for any purpose outside this modification to the SSURO is prohibited.

If you have any questions regarding this authorization, please contact Christine Trostler of my staff by phone at (202) 564-2240 or email at trostler.christine@epa.gov.

Sincerely,

Gregory Sullivan, Director
Waste and Chemical Enforcement Division
Office of Civil Enforcement
