Re: City of Shenandoah, Iowa
Administrative Order for Compliance on Consent
EPA Docket No. CWA-07-2015-0045

Dear Mr. Scott:

The above-referenced Administrative Order for Compliance on Consent was issued by the U.S. Environmental Protection Agency to the city of Shenandoah under the authority of Section 309(a) of the Clean Water Act, 33 U.S.C. § 1319(a). The EPA has determined that all requirements of the AOC have been adequately met.

This letter serves as a notification to you that the EPA is terminating the AOC. The decision to terminate the AOC is conditioned upon the accuracy of your representations to the EPA in response to the requirements of the AOC. Termination of the AOC in no way relieves you of the obligation to comply with your National Pollutant Discharge Elimination System permits and all applicable statutes and regulations. The effect of this termination is limited to the requirements imposed under the AOC. The EPA reserves all of its authorities, both legal and equitable, under the CWA and any other statutory, regulatory, or common law authorities of the United States.

If you have any questions relating to this termination letter or the above-referenced enforcement action, please contact Jodi Bruno, of my staff, at (913) 551-7810, or Patricia Miller, the attorney assigned to this matter, at (913) 551-7283.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffery Robichaud".
