**ORDER CONTINUING STATUS TELECONFERENCE**

A status teleconference was scheduled in this matter for June 2, 2010 but due to circumstances beyond the control of the parties, the parties were unable to participate in the conference and it was not held. By electronic message dated June 2, 2010, the attorney for Complainant, on behalf of both parties, informed the Undersigned that the parties had spoken later in the day and agreed to file the electronic *Joint Motion Providing Status of Proceedings and Requesting Postponement of Status Teleconference.*

The Joint Motion stated that, since the last teleconference with the Undersigned, the Respondent provided a technical report, which is currently being reviewed by EPA's liaison in Puerto Rico, Mr. Jose Cedeno, and financial information which is currently being reviewed by Complaint's counsel and EPA's technical consultant in New York, David Pohle. Finally, the parties requested a thirty day postponement of the status teleconference in order to have the opportunity to continue meaningful settlement discussions before the status teleconference. In light of the considerations set forth herein, the Undersigned issues the following **ORDER.**

**IT IS ORDERED:**

later than **July 15, 2010**, and a corrected report will be issued as appropriate.

Date: July 1, 2010
