Docket No. RCRA-08-2008-0005

In response to the latest motion filed, I am not against you removing James Laducer from all legal issues. I would also request that you remove Michael Werner also as he is not a legal owner of United C-Store or United Oil & Gas, Inc.

I am again requesting a hearing if one is needed. Enclosed you will find all the necessary paperwork needed to show that all problem areas have been taken care of. Once again, I would like to stress that we DO care about the environment and we had no idea that we were not in compliance. We let the former manager go on Jan. 22 2008. And I would also hope that you will take into consideration that the earlier mailings were not mailed to us, but to our former manager, Leon Morin and that is why nothing was done because had we known, I assure you that this would have been taken care of immediately!!

If you have any questions at all, please do not hesitate to call Mike or myself at 701-228-3000.

Thank you

Sincerely,

Debra Werner, pres.
