CONSENT AGREEMENT AND FINAL ORDER

PRELIMINARY STATEMENT

The U.S. Environmental Protection Agency, Region 7 and Wilda Adams, an individual, have agreed to a settlement of this action before filing of a Complaint, and thus this action is simultaneously commenced and concluded pursuant to Rules 22.13(b) and 22.18(b)(2) of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Renovation, Termination or Suspension of Permits, 40 C.F.R. §§ 22.13(b) and 22.18(b)(2).

Section I

Jurisdiction

1. This proceeding is an administrative action for the assessment of civil penalties instituted pursuant to Section 16(a) of the Toxic Substances Control Act, 15 U.S.C. § 2615(a).
2. This Consent Agreement and Final Order serves as notice that the EPA has reason to believe that Wilda Adams has violated Section 409 of TSCA, 15 U.S.C. § 2689, by failing to comply with the regulatory requirements of 40 C.F.R. Part 745, Subpart F, *Disclosure of Known*

Lead-Based Paint and/or Lead-Based Paint Hazards Upon Sale or Lease of Residential Property, promulgated pursuant to Section 1018 of the Residential Lead-Based Paint Hazard Reduction Act of 1992, 42 U.S.C. § 4852d.

Section II

Parties

3. The Complainant, by delegation from the Administrator of the EPA and the Regional Administrator, EPA, Region 7, is the Chief, Toxics and Pesticides Branch, EPA, Region 7.
4. The Respondent is Wilda Adams, an individual.

Section III

Statutory and Regulatory Background

5. Congress passed the Residential Lead-Based Paint Hazard Reduction Act of 1992 (the Act), 42 U.S.C. §§ 4851 to 4856, to address the need to control exposure to lead-based paint hazards. The Act amended TSCA by adding Sections 401 to 412, 15 U.S.C. §§ 2681 to 2692. Section 1018 of the Act required the EPA and the Department of Housing and Urban Development to jointly issue regulations requiring the disclosure of known lead-based paint and/or lead-based paint hazards by persons selling or leasing housing constructed before the phaseout of residential lead-based paint use in 1978. The regulations, issued March 6, 1996, and codified at 40 C.F.R. Part 745 Subpart F, require that sellers and lessors of most residential housing built before 1978: (a) disclose the presence of known lead-based paint and/or lead-based paint hazards in the target housing; (b) provide purchasers and lessees with any available records

or reports pertaining to the presence of lead-based paint and/or lead-based paint hazards; (c) provide purchasers and lessees with a federally approved lead hazard information pamphlet; (d) provide purchasers with a 10-day opportunity to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards before the purchaser is obligated under any purchase contract; and (e) include certain disclosure and acknowledgment language in the sales or leasing contract. The failure or refusal to comply with the regulations is a violation of Section 1018 of the Act and Section 409 of TSCA.

7. Payment of this civil penalty in full shall resolve all civil and administrative claims for all violations of Section 409 of TSCA, 15 U.S.C. 2689 and 40 C.F.R. Subpart F alleged in this document.

8. In settlement of this matter, Respondent agrees to complete the following SEP, which the parties agree is intended to secure significant environmental and/or public health benefits: Lead-based paint abatement work to be performed at 2910 North 26th Street, Omaha, Nebraska, to include removal and replacement of five lead-based painted windows with lead free windows.

9. Within thirty (30) days of the effective date of the Final Order, Respondent will provide the EPA with a copy of the letter sent to the Nebraska Department of Environmental Quality informing the state of Respondent's intent to perform a SEP and requesting procedural information pertaining to performance of the SEP.

10. The total expenditure for the SEP shall be not less than \$1,789 and the SEP shall be completed no later than 120 days from effective date of the final order. All work required to complete the SEP shall be performed in compliance with all federal, state, and local laws and regulations.

11. Respondent agrees that the abatement work on the SEP project referenced in Paragraph 8 above will be performed by entities licensed and/or certified by the State of

Nebraska to perform lead-based paint abatement activities. Respondent is responsible for ensuring that the entity or entities performing the SEP project described in Paragraph 8 above receive a copy of this Consent Agreement and Final Order and all attachments pertaining to the SEP project including the EPA approved SEP Work Plan, if applicable. Respondent is responsible for any failure to complete the SEP in accordance with all applicable terms of this agreement.

12. Within thirty (30) days of completion of the SEP, Respondent shall submit a SEP Completion Report to the EPA, with a copy to the state agency identified below. The SEP Completion Report shall contain the following:

- (i) A detailed description of the SEP as implemented;
- (ii) Itemized costs, documented by copies of purchase orders, receipts or canceled checks;
- (iii) The final abatement report, as required by state law; and
- (iv) The following certification signed by Respondent:

I certify under penalty of law that I have examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment.

The report shall be directed to the following:

As to EPA:

Stephven Richard
Case Review Officer

301 Centennial Mall
PO Box 95026

13. If the SEP referenced in Paragraph 8 above is not timely completed to the satisfaction of the EPA in accordance with the terms of this Final Order, Respondent shall pay a stipulated penalty in the amount of 100% of the projected costs of the SEP minus any documented expenditures determined by the EPA to be acceptable for the SEP. This stipulated penalty is consistent with the EPA SEP Policy, effective May 1, 1998. For the SEP, the following instances constitute a failure to complete the project in accordance with the terms of this Final Order:

- (i) Failure to expend the funds in a manner acceptable to the EPA or otherwise to complete the project pursuant to the terms of this consent agreement.

- (ii) Failure to ensure, through good faith and timely efforts, that the SEP project is completed by the anticipated completion date of within ninety (90) days of the effective date of the Final Order. In the event of circumstances beyond its control rendering the anticipated completion date unfeasible, Respondent may demonstrate good faith by promptly notifying the EPA Region 7 contact identified in Paragraph 12 above of the change in circumstances and proposing a new completion date acceptable to the EPA for the SEP.
- (iii) Any stipulated penalties for which Respondent is liable under this agreement shall be due and payable within ten (10) days of Respondent's receipt of a written demand from Complainant.

14. Respondent certifies that: "I am not a party to any open federal financial assistance transaction that is funding or could be used to fund the same activity as the SEP. I further certify that, to the best of my knowledge and belief after reasonable inquiry, there is no such open federal financial transaction that is funding or could be used to fund the same activity as the SEP, nor has the same activity been described in an unsuccessful federal financial assistance transaction proposal submitted to the EPA within two years of the date of this settlement (unless the project was barred from funding as statutorily ineligible). For the purposes of this certification, the term "open federal financial assistance transaction" refers to a grant, cooperative agreement, loan, federally-guaranteed loan guarantee or other mechanism for providing federal financial assistance whose performance period has not yet expired."

15. For federal income tax purposes, Respondent agrees that she will neither capitalize into inventory or basis nor deduct any costs or expenditures incurred in performing the SEP.

16. Any public statement, oral or written, in print, film or other media, made by Respondent making reference to the SEP shall include the following language: "This project was undertaken in connection with the settlement of an enforcement action taken by the U.S. Environmental Protection Agency."

17. Respondent understands that her failure to timely pay any portion of the civil penalty described in Paragraph 1 of the Final Order below or any portion of a stipulated penalty as stated in Paragraph 13 above may result in the commencement of a civil action in Federal District Court to recover the full remaining balance, along with penalties and accumulated interest. In such case, interest shall accrue thereon at the applicable statutory rate on the unpaid balance until such civil or stipulated penalty and any accrued interest are paid in full. A late payment handling charge of \$15 will be imposed after thirty (30) days and an additional \$15 will be charge for each subsequent thirty (30) day period. Additionally, as provided by 31 U.S.C. § 3717(e)(2), a six percent (6%) per annum penalty (late charge) may be assessed on any amount not paid within ninety (90) days of the due date.
