|
| Docket No. CERCLA 03-2019-0111LL
|
|

STATUS REPORT

Regarding Turog's availability for a future lien hearing concerning this matter, the undersigned has not been able to meet (not even "virtually" [by electronic means]) to review Turog's documents and the EPA's documents— of which the latter group is voluminous—so as to prepare for a video hearing. The hearing may be virtual, but, now that Turog's manager might soon be available to go over the documents, with counsel, to prepare to present its defenses and other positions at the hearing, counsel (the undersigned), as soon as the manager is available for this purpose, will need to meet in person or, in the alternative, will need to devise and construct a way that he and I will be able, as soon as he becomes available, to review, together, the voluminous documents so that such an attorney-client can, in due course, lead to adequate preparation for the hearing.

Respectfully submitted,

RONALD L. CLEVER
Pa. Atty. Id. No. 38811
Attorney for Turog Properties, Ltd.
