Agreed Motion to Extend Alternative Dispute Resolution Period

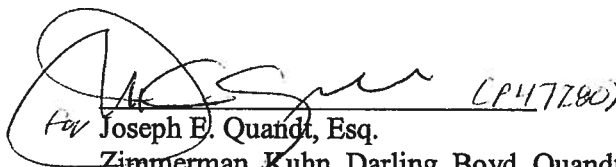

1. The United States Environmental Protection Agency (“U.S. EPA”) filed a complaint in this matter on March 26, 2009.
2. Complainant and Respondent mutually agreed to attempt to resolve the issues presented in the complaint by means of the alternative dispute resolution (“ADR”) procedures offered by the Court pursuant to 40 C.F.R. § 22.18(d).
3. On June 24, 2009, Complainant and Respondent reached a settlement in principle of all issues.
4. The initial period established for ADR in this matter expired on July 6, 2009.
5. On July 6, 2009, Judge Spencer T. Nissen granted the parties an extension of the Alternative Dispute Resolution Process to and including August 5, 2009.
6. On August 4, 2009, counsel for both parties learned that one of the provisions of the proposed Supplemental Environmental Projects (SEP) was not confirmed.
7. Within the next two weeks, Respondent will be able to confirm whether or not the proposed SEP is achievable as contemplated in the proposed Consent Agreement and Final Order (CAFO).
8. Accordingly, the parties jointly request an extension of the ADR period for another

thirty days, *i.e.* until September 4, 2009, in which to submit to the Court a CAFO resolving all issues in this case.

Respectfully submitted,
