JOINT MOTION FOR EXTENSION OF ADR PERIOD

The parties move for a 60-day extension of the termination date for conducting alternative dispute resolution. By order dated January 6, 2009, the Chief Administrative Law Judge stated that the ADR process would end on March 9, 2009.

During an ADR conference call with Administrative Law Judge Nissen on March 5, 2009, Judge Nissen suggested that an extension would be appropriate under the circumstances, and asked the undersigned to submit a motion to that effect.

As grounds, the parties have made significant progress toward settlement, and are evaluating the costs and potential environmental benefits of a supplementary environmental project. The time needed to develop the SEP project design suggests that a 60-day extension would be efficient and most helpful to the parties.

Respectfully submitted,

Thomas T. Olivier
