Re: Chem-Fab Site/Lien Hearing Docket No.: CERCLA-03-2019-0111LL
Status Report Due Date

Dear Mr. Becker and Mr. Goldman:

During our November 21, 2019 conference call I requested that the parties jointly work to address Turog's request to gain access to EPA documents it previously may have reviewed concerning clean-up actions that EPA had performed at the site prior to 1998. More specifically, I requested that EPA assist Turog in identifying such documents and indicating whether they are generally available to the public (e.g. posted on the EPA's website). During the conference call, I requested that the parties submit a status report to me concerning these efforts by 5:00 pm, Friday, December 20, 2019, and indicated that I would serve on the parties a letter confirming this date. Due to an illness I was delayed in issuing this follow-up letter. I apologize for the delay. As a result, I am extending the due date and requesting that the parties provide their written status report to me by **5:00 pm, January 2, 2020**.

Sincerely,

Joseph J. Lisa
