No objection to the motion to withdraw and then filing the corrected one.

Thank you,

Ann

Ann,

Do you have any objection to EPA filing a motion to withdraw the CAFO dated February 13th and then file the corrected CAFO. The other alternative would be a motion to amend the existing CAFO. Let me know. Thanks.

CAMtek will be executing a new hard copy. My client is out of the office until Thursday. I hope to have it that day.

Peter – should the original be sent to your address below?

Thank you,

Ann

Not the version we have.

So, two choices.

1. Accept the current signed CAFO since it isn't a substantive change but wording, or
2. Send EPA a new signed hard copy

Thanks.

Attached is what our files reflect as the correspondence sent via regular mail on February 1, 2017, again with different language in Paragraph 3.

I forwarded for signature by EPA the document I received from you in your letter dated February 1, 2017. I did not use the document attached to your e-mail as EPA needs the actual signed document to execute.

Good afternoon. The document attached to the e-mail below was not the same as the document signed by Christine Davis on January 27, 2017 and forwarded to Peter Felitti on February 1, 2017 via e-mail (at approximately 3:58 pm) and in hard copy. I have attached a copy of the February 1 document. Particularly, the language in Paragraph 3 is different.

We would appreciate clarification.

Thank you.
