### Misch Excavating, LLC d/b/a Rooterman, Downs, Illinois, Case Docket No. CWA-05-2011-0003

The U.S. Environmental Protection Agency (U.S. EPA), Region 5, is providing this notice of its proposal to assess a civil penalty of \$157,500 against Misch Excavating, LLC d/b/a Rooterman(Respondent) for violations of the Clean Water Act. This proposed penalty would settle civil violations alleging the Respondent did not provide records of their septage land application practices. The alleged violations are of environmental significance because the land application of domestic septage requires that certain records be kept to document that proper environmental safeguards are being followed. Without being able to review these records to check for compliance, it would be impossible to ensure that land application in violation of federal requirements is not occurring. You can submit a comment online or mail written comments to the Regional Hearing Clerk electronically, by mail, or by delivery to: Regional Hearing Clerk, Mail Code E-

19J, U.S. EPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.
