

# Emergency Evacuation Plan

Meet in NE corner of parking lot for head count

All personnel go to the nearest exit. Meet at the NE corner of the parking lot.  
 Supervisors will verify that employees are present.  
 Management, supervisors or sales are responsible for any visitors they may have in the building at the time of the evacuation.

The LP gas storage is located on the south side of the building.  
 No smoking or open flames within 50 feet of tank.  
 Use caution if exiting out the south side of the building during a fire.
