Case Docket No. **CWA-05-2022-0002**

The U.S. Environmental Protection Agency (EPA), Region 5, is providing notice of intent to execute a Consent Agreement and Final Order (CAFO) with Pleasantview Utilities, Inc. (“Pleasantview” or “Respondent”) for alleged violations of the Clean Water Act (CWA). Pleasantview Utilities, Inc.’s facility is located at 13812 West Galaxy Drive, Connersville, Indiana (the “Facility”). Pleasantview discharges process wastewater into an unnamed tributary to Williams Creek through a permitted outfall according to requirements of the National Pollutant Discharge Elimination System (NPDES) Permit No. IN0044776 (“Permit”). EPA made observations during an inspection conducted at the Facility on February 25, 2019 and reviewed information submitted by Pleasantview as part of their monthly Discharge Monitoring Reports (DMRs) to the Indiana Department of Environmental Management (IDEM). EPA determined that Pleasantview, as the owner and operator of the Facility, discharged process wastewater with pollutants in amounts which exceed the effluent limits as described in their Permit, and bypassed a portion of its wastewater treatment system in violation of the CWA, 33 U.S.C. §§ 1311.

On April 29, 2019, Pleasantview and EPA executed an Administrative Consent Order (Order) to resolve violations identified during the inspection and DMR review. EPA continues to monitor Pleasantview’s compliance with its Permit and the terms of the Order.

EPA and Respondent have agreed that Respondent will pay a civil penalty of \$23,250. Full payment of the penalty will resolve Respondent’s liability for federal civil penalties for the violations alleged in the CAFO.

A copy of the CAFO may be viewed online at: www.epa.gov/aboutepa/epa-region-5#events by clicking on the “Proposed Consent Agreement and Final Order” link on the Region 5 events calendar for the docket number identified above. Alternatively, the Proposed CAFO may be received by contacting the Regional Hearing Clerk at the address below.
