**I. Nature of the Action**

1. This is a civil penalty proceeding pursuant to Section 113(d) of the Clean Air Act (CAA), 42 U.S.C. § 7413(d), and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits (Consolidated Rules), 40 C.F.R. Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, U.S. Environmental Protection Agency, Region 4. Respondent is Golden Environmental, LLC.
2. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 C.F.R. § 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony; the making of any argument; or the adjudication of any issue in this matter, and in accordance with 40 C.F.R. § 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

## II. Preliminary Statements

3. The authority to take action under Section 113(d) of the CAA, 42 U.S.C. § 7413(d), is vested in the Administrator of the EPA. The Administrator of the EPA has delegated this authority under the CAA to the Regional Administrators by EPA Delegation 7-6-A, last updated on August 4, 1994. The Regional Administrator, Region 4, has redelegated this authority to the Director of the Air, Pesticides and Toxics Management Division, by EPA Region 4 Delegation 7-6-A. Pursuant to the aforementioned delegations, the Director of the Air, Pesticides and Toxics Management Division has the authority to commence an enforcement action as the Complainant in this matter.
4. In December 1977, pursuant to Section 112(l) of the CAA, the EPA delegated the Administrator's authorities and responsibilities to implement and enforce emission standards and prevention requirements for asbestos under Section 112 of the CAA, 42 U.S.C. § 7412, to the State of Georgia. Pursuant to Georgia Department of Natural Resources Rules for Air Quality Control, Chapter 391-3-1-.02(9)(b)(7), the State has incorporated and adopted the EPA's rules for asbestos located at 40 C.F.R. Part 61, Subpart M, promulgated pursuant to Section 112 of the CAA, by reference. As indicated in Section 112(l)(7) of the CAA, nothing in Section 112(l) of the CAA shall prohibit the Administrator from enforcing any applicable emission standard or requirement under Section 112 of the CAA.
5. Asbestos is a "hazardous air pollutant" as that term is defined in Section 112(a) of the CAA, 42 U.S.C. § 7412(a), and is the subject of regulations codified at 40 C.F.R. Part 61, Subpart M, "National Emission Standard for Asbestos," promulgated pursuant to Section 112 of the CAA, 42 U.S.C. § 7412.

6. A "person" is defined in Section 302 of the CAA, 42 U.S.C. § 7602 as an individual, corporation, partnership, association, state, municipality, political subdivision of a state and any agency, department or instrumentality of the United States and any officer, agent or employee thereof.
7. A "facility" is defined in 40 C.F.R. § 61.141, in part, as any institutional, commercial, public, industrial or residential structure, installation or building (including any structure, installation or building containing condominiums or individual dwelling units operated as a residential cooperative, but excluding residential buildings having four or fewer dwelling units); any ship; and any active or inactive waste disposal site.
8. "Demolition" is defined in 40 C.F.R. § 61.141 as the wrecking or taking out of any load-supporting structural member of a facility together with any related handling operations or the intentional burning of any facility.
9. "Renovation" is defined in 40 C.F.R. § 61.141 as altering a facility or one or more facility components in any way, including the stripping or removal of regulated asbestos-containing material from a facility component.
10. An "owner or operator of a demolition or renovation activity" is defined in 40 C.F.R. § 61.141 as any person who owns, leases, operates, controls or supervises the facility being demolished or renovated or any person who owns, leases, operates, controls or supervises the demolition or renovation operation or both.
11. An "installation" is defined in 40 C.F.R. § 61.141 as any building or structure or any group of buildings or structures at a single demolition or renovation site that are under the control of the same owner or operator (or owner or operator under common control).

12. Since EPA has delegated the Administrator's authorities and responsibilities for asbestos under Section 112 of the CAA to the State of Georgia, owners or operators of demolition or renovation activity occurring in the State must notify the Georgia Department of Natural Resources, Georgia Environmental Protection Division, Lead-based Paint and Asbestos Program of any such activity applicable pursuant to 40 C.F.R. § 61.145(b).
13. Any person who violates Section 112 of the CAA may be assessed a penalty of up to \$25,000 for each such violation, in accordance with Section 113(d) of the CAA, 42 U.S.C. § 7413(d). The Debt Collection Improvement Act of 1996 requires the EPA to review and adjust penalties, as necessary, for inflation at least once every four years. As such, pursuant to the Adjustment of Civil Monetary Penalties for Inflation Rule, 40 C.F.R. Part 19, the revised maximum penalty for each violation occurring after January 30, 1997, through March 15, 2004, is \$27,500; for each violation occurring after March 15, 2004, through January 12, 2009, the maximum penalty for each violation is \$32,500; and for each violation occurring after January 12, 2009, the maximum penalty for each violation is \$37,500. Each day a violation continues may constitute a separate violation.

### **III. Specific Allegations**

14. Respondent is a company registered to operate in the State of Georgia and is therefore a "person" as defined in Section 302 of the CAA, 42 U.S.C. § 7602.

17. Respondent owned, leased, operated, controlled or supervised the demolition operation at the Facility and is therefore an "owner or operator of a renovation or demolition activity."
