The Honorable Rola Ross, Mayor
Town of Manville
P.O. Box 107
Manville, Wyoming 82227

Re: Administrative Order regarding the Town of Manville Public Water System,
PWS ID #5600110, Docket No. **SDWA-08-2017-0038**

Dear Mayor Ross:

Enclosed is an Administrative Order (Order) issued by the U.S. Environmental Protection Agency under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that the Town of Manville (Town), as owner and/or operator of the Town of Manville Public Water System (System), has violated the National Primary Drinking Water Regulations at 40 C.F.R. part 141 (Drinking Water Regulations).

The Order is effective upon the date received. Please review the Order and within 10 days provide the EPA with any information the Town believes the EPA may not have (for example, monitoring that may have been done but not submitted). If the EPA does not hear from the Town, the EPA will assume the information in the Order is correct.

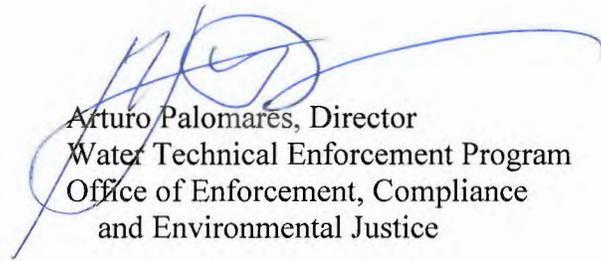

If the Town complies with the Order, the EPA may close the Order without further action. Failure to comply with the Order may lead to substantial civil penalties and/or a federal court injunction ordering compliance.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small governments, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or the Drinking Water Regulations.

To submit information or to request an informal conference with the EPA, please contact Jill Minter via email at minter.jill@epa.gov or by phone at (800) 227-8917 extension 6084 or 303-312-6084. Any questions from the Town's attorney should be directed to Mia Bearley, Enforcement Attorney, via email at bearley.mia@epa.gov or by phone at (800) 227-8917, extension 6554, or (303) 312-6554, or at the letterhead address (with the mailcode 8ENF-L).

We urge your prompt attention to this matter.

Sincerely,

Re: Notice of Safe Drinking Water Act Enforcement Action regarding The Town of Manville
Public Water System, PWS ID #5600110 **Docket No. SDWA-08-2017-0038**

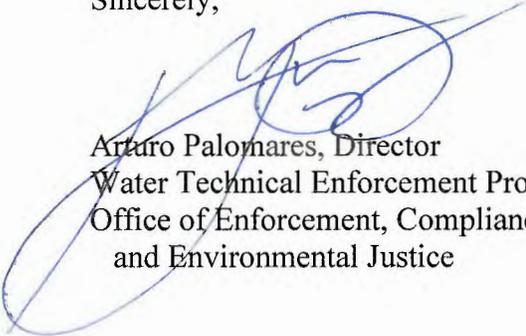

Dear Commissioners:

The Safe Drinking Water Act requires that the U.S. Environmental Protection Agency notify locally elected officials of certain enforcement actions taken in their area.

An Administrative Order (Order) is being issued to the Town of Manville, as owner and/or operator of the Town of Manville Public Water System, located in Niobrara County, Wyoming, directing it to comply with the National Primary Drinking Water Regulations. The violations alleged in the Order are failure to monitor for nitrate, failure to include the violation in the annual Consumer Confidence Report and failure to notify the EPA of these violations.

For more details, a copy of the Order is enclosed for your information. **The Order does not require any response or action by the County Commission.** If you have any questions regarding this Order, please contact Jill Minter at (303) 312-6084.

Sincerely,

Arturo Palomares, Director
Water Technical Enforcement Program
Office of Enforcement, Compliance
and Environmental Justice

Enclosure

9. Respondent is required to report any failure to comply with any Drinking Water Regulation to the EPA within 48 hours, except where the Drinking Water Regulations specify a different time period. 40 C.F.R. § 141.31(b). Respondent failed to report the violations cited in paragraphs 7 and 8, above, to the EPA and, therefore, violated this requirement.

ORDER

Based on the above violations, Respondent is ordered to perform the following actions upon Respondent's receipt of this Order (unless a different deadline is specified below):

10. Respondent shall monitor the System's water for nitrate as required by the Drinking Water Regulations. 40 C.F.R. § 141.23. Respondent shall report nitrate analytical results to the EPA within the first 10 days following the month in which Respondent receives sample results, as required by 40 C.F.R. § 141.31(a). Respondent shall report any failure to comply with any Drinking Water Regulation to the EPA within 48 hours, except where the Drinking Water Regulations specify a different time period, as required by 40 C.F.R. § 141.31(b).

11. Within 30 days after receipt of this Order, Respondent shall prepare an amended 2016 CCR for the System that includes the failure to monitor nitrate in 2016 violation in both the table and in a separate paragraph entitled "violations," and distribute the CCR to the System's customers and the EPA. Thereafter, Respondent shall prepare and distribute annual CCRs and provide certification in accordance with 40 C.F.R. §§ 141.151-141.155.

12. This Order shall be binding on Respondent and any person (e.g., employee, contractor or other agent) acting in concert with Respondent.

13. If Respondent contracts with or hires any other person or entity to operate the System, Respondent shall, no later than the date of such hire or contract, provide a copy of this Order to the employee or contractor and notify the EPA in writing of the employee's or contracted party's name and contact information. Respondent shall remain obligated to comply with this Order even if Respondent hires another person or entity to operate the System.

14. Respondent shall send all reporting and notifications required by this Order to the EPA via email at R8DWU@epa.gov or fax at (877) 876-9101.

GENERAL PROVISIONS

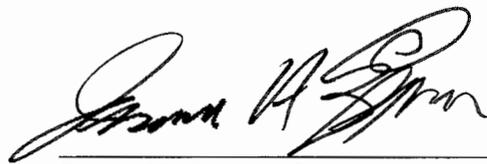

15. This Order shall not constitute a waiver, suspension or modification of any requirement of the Act or the Drinking Water Regulations. Issuance of this Order is not an election by the EPA to forgo any civil or criminal action.

16. Violation of any part of this Order or the Drinking Water Regulations may subject Respondent to a civil penalty of up to \$54,789 (as adjusted for inflation) per day of violation. 42 U.S.C. § 300g-3; 40 C.F.R. part 19; 81 Fed. Reg. 43091 (January 12, 2017).

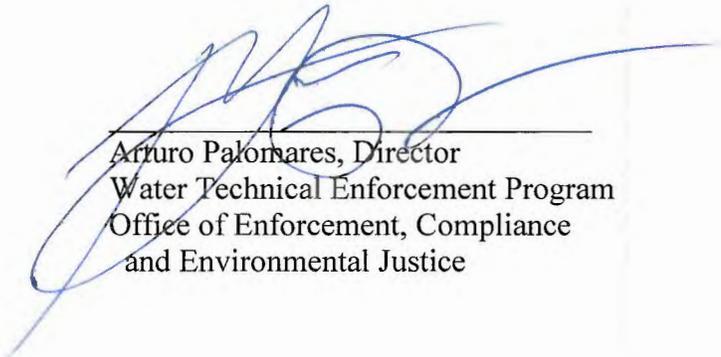

17. Respondent may seek federal judicial review of this Order pursuant to section 1448(a) of the Act, 42 U.S.C. § 300j-7(a).

18. This Order is effective upon receipt by Respondent and will continue to be in effect until closed by the EPA.

Issued: September 26th, 2017.

EPA Compliance Incentives

EPA provides incentives for environmental compliance. By participating in compliance assistance programs or voluntarily disclosing and promptly correcting violations before an enforcement action has been initiated, businesses may be eligible for penalty waivers or reductions. EPA has two such policies that may apply to small businesses:

Commenting on Federal Enforcement Actions and Compliance Activities

The Small Business Regulatory Enforcement Fairness Act (SBREFA) established a SBREFA Ombudsman and 10 Regional Fairness Boards to receive comments from small businesses about federal agency enforcement actions. If you believe that you fall within the Small Business Administration's definition of a small business (based on your North American Industry Classification System designation, number of employees or annual receipts, as defined at 13 C.F.R. 121.201; in most cases, this means a business with 500 or fewer employees), and wish to comment on federal enforcement and compliance activities, call the SBREFA Ombudsman's toll-free number at 1-888-REG-FAIR (1-888-734-3247).

Every small business that is the subject of an enforcement or compliance action is entitled to comment on the Agency's actions without fear of retaliation. EPA employees are prohibited from using enforcement or any other means of retaliation against any member of the regulated community in response to comments made under SBREFA.

Your Duty to Comply

If you receive compliance assistance or submit a comment to the SBREFA Ombudsman or Regional Fairness Boards, you still have the duty to comply with the law, including providing timely responses to EPA information requests, administrative or civil complaints, other enforcement actions or communications. The assistance information and comment processes do not give you any new rights or defenses in any enforcement action. These processes also do not affect EPA's obligation to protect public health or the environment under any of the environmental statutes it enforces, including the right to take emergency remedial or emergency response actions when appropriate. Those decisions will be based on the facts in each situation. The SBREFA Ombudsman and Fairness Boards do not participate in resolving EPA's enforcement actions. Also, remember that to preserve your rights, you need to comply with all rules governing the enforcement process.

EPA is disseminating this information to you without making a determination that your business or organization is a small business as defined by Section 222 of the Small Business Regulatory Enforcement Fairness Act or related provisions.
