Re: University of Bridgeport (CT)  
Docket No.: TSCA 01 2009 0050

Dear Ms. Lao-Ruiz:

On September 1, 2009, the USEPA served upon my client, the University of Bridgeport, a Complaint alleging violations of the Toxic Substance Control Act, specifically relating to polychlorinated biphenyls (PCBs). An Answer was due on or before October 1, 2009. Pursuant to my request, you extended the deadline to October 31, 2009.

Attorney William Chin and I have nearly completed work on a Consent Order and are working on the details of a Supplemental Environmental Project (SEP). We need additional time to complete that work.

This, then, is to request an extension to November 30, 2009 for the filing of an Answer. Attorney Chin has authorized me to represent to you that the EPA has no objection to a 30 day extension.

I am grateful for your consideration of the forgoing.

Very truly yours,

David B. Losee
