**RE: Administrative Order Docket No. SDWA-03-2019-0076DS
Camp Twin Creeks, Marlinton, West Virginia PWS ID No. WV9938083**

Dear Mr. Josey:

The U.S. Environmental Protection Agency Region III (EPA) has received information from the West Virginian Department of Health and Human Resources (WVDHHR) that addresses the Administrative Order, referenced above. Upon review of the information, EPA has determined that Camp Twin Creeks has returned to compliance for all outstanding violations as referenced in the Administrative Order; therefore, we consider the Administrative Order to be terminated. In addition, the reporting requirements under the Administrative Order are no longer required.

Please continue to maintain compliance with the Safe Drinking Water Act and its implementing regulations as any new violations that have not been addressed under the Administrative Order may be subject to further enforcement action by EPA or WVDHHR.

If you have any questions regarding this matter or the Administrative Order itself, please contact Amy Cohen, SDWA & Wetlands Section, at (215) 814-3296.

Sincerely,

for

Richard A. Rogers, Chief
Water Branch
