Re: Administrative Order
Docket No. SDWA-03-2022-0056DS

Dear Ms. Armstrong and Ms. Riggs:

Enclosed please find the executed Administrative Order for Compliance (“Order”) that United States Environmental Protection Agency, Region III (“EPA”) is issuing to Glen Rogers Public Service District (“PSD”) to address multiple violations of the Safe Drinking Water Act (“SDWA”) at the Glen Rogers Public Water System (“PWS”) (PWS ID WV3305508). The Order addresses failures relating to monitoring, sampling/analysis, reporting and public notification for the Lead and Copper Rule.

Glen Rogers PSD is invited to confer with EPA about the findings and conclusions reflected in the Order; **please request a conference within ten (10) days of receipt of this Order if you would like an opportunity to confer.**

EPA has not determined whether Glen Rogers PSD constitutes a “small business” under the Small Business Regulatory Enforcement and Fairness Act (“SBREFA”) (see Title II of Public Law No. 104-121). The Small Business Resources and the Small Business Regulatory Enforcement and Fairness Act (“SBREFA”) information link¹ provides information on contacting the SBREFA Ombudsman to comment on federal enforcement and compliance activities and provides information on compliance assistance. Participating in the SBREFA program creates no new legal rights or defenses and will not affect EPA’s decision to pursue this enforcement action. The Ombudsman does not participate in resolving EPA’s enforcement actions.

Please note that failure to comply with the provisions of the attached Order may subject Glen Rogers PSD to further enforcement action. We strongly urge you to take prompt action to address these
