Ben,

Thank You for your letter. We plan on talking to our attorney next week. We also are in the process of getting final quotes from different companies for the removal of the soil, we are hoping to have answers back in the next 2 weeks. I have emailed Mr Kelly so i can speak with him as well so we are all in the loop. As explained to him before as well, we are trying to find the best way to handle this, given our limited funds. That is why we had requested help and guidance from the epa.

I will keep everyone in the loop. Once again, thank you for your email.

Regards,

Zahra Saeed.
