Re: Notice of Violation and Compliance Order/Settlement Agreement for the
Isle School Bus Garage, Isle, Minnesota
ICIS #600031367 Docket Number: RUST-05-2023-0018

Dear Mr. Miller:

On April 7, 2023, the U.S. Environmental Protection Agency issued a Notice of Violation and a Compliance Order/Settlement Agreement (Settlement Agreement) for a violation of the Federal underground storage tank (UST) regulations (i.e., failure to monitor tanks every thirty days) at the Isle School Bus Garage facility located at 585 Isle Street, Isle, Minnesota. The violation was identified during an EPA UST inspection conducted on March 28, 2023.

On May 25, 2023, EPA received your signed copy of the Settlement Agreement and supporting documentation that the violation was corrected. Your payment of \$733.00 (i.e., check #61402), was confirmed by our finance office on July 28, 2023. The Settlement Agreement states that it is effective upon EPA's final approval. I have enclosed a signed and dated copy of the approved Settlement Agreement. The original Settlement Agreement will remain in the EPA's files. We also have accepted and processed your payment as part of the settlement process.

If you have any questions, please feel free to contact Arturo Cisneros at cisneros.arturo@epa.gov or (312) 886-7447.

Sincerely,

Regional Hearing Clerk
United States Environmental Protection Agency, Region 5
