CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 113(d) of the Clean Air Act (CAA), 42 U.S.C. § 7413(d), and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation/Termination or Suspension of Permits (Consolidated Rules), published in 40 CFR Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, Region 4, United States Environmental Protection Agency (EPA). Respondent is Mapa Spontex, Inc. (hereinafter, "Respondent").

2. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 CFR § 22.18 and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony, the making of any argument, or the adjudication of any issue in this matter, and in accordance with 40 CFR § 22.13(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

3. The authority to take action under Section 113(d) of the CAA, 42 U.S.C. § 7413(d), is vested in the Administrator of EPA. The Administrator of EPA has delegated this authority under the CAA to the Regional Administrators by EPA Delegation 7-6-A, last updated on August 4, 1994. The Regional Administrator, Region 4, has re-delegated this authority to the Director, Air, Pesticides and Toxics Management Division. Pursuant to that delegation, the Director of the Air, Pesticides and Toxics Management Division has the authority to commence an enforcement action as the Complainant in this matter.

4. Respondent, Mapa Spontex, Inc., does business in the State of Tennessee.

5. Respondent is a "person" within the meaning of Section 302(e) of the CAA, 42 U.S.C. § 7602(e), and is therefore subject to the provisions of the CAA and regulations promulgated thereunder.

6. Respondent operates a “stationary source” as that term is defined by Section 302(z) of the CAA, 42 U.S.C. § 7602(z). The Respondent’s stationary source, is located at 100 Spontex Drive, Columbia, Tennessee.

7. Section 112(r) of the CAA, 42 U.S.C. § 7412(r), addresses the prevention of releases of substances listed pursuant to Section 112(r)(3) of the CAA, 42 U.S.C. § 7412(r)(3). The purpose of this section is to prevent the accidental release of extremely hazardous substances and to minimize the consequences of such releases. Pursuant to Section 112(r)(7) of the CAA, 42 U.S.C. § 7412(r)(7), EPA is authorized to promulgate regulations for accidental release prevention.

8. Pursuant to Section 112(r)(3) and 112(r)(7) of the CAA, 42 U.S.C. §§ 7412(r)(3) and 7412(r)(7), EPA promulgated rules codified at 40 CFR Part 68, Chemical Accident Prevention Provisions. These regulations are collectively referred to as the “Risk Management Program” (RMProgram) and apply to an owner or operator of a stationary source that has more than a threshold quantity of a regulated substance in a process. Pursuant to Sections 112(r)(3) and 112(r)(5) of the CAA, 42 U.S.C. §§ 7412(r)(3) and 7412(r)(5), the list of regulated substances and threshold levels are codified at 40 CFR § 68.130.

9. The Respondent, at its stationary source identified in Paragraph 6 of this CAFO, has a RMProgram covered process which stores or otherwise uses a regulated substance in quantities exceeding the applicable RMProgram threshold (20,000 pounds for carbon disulfide).

10. Pursuant to Section 112(r)(7)(B)(iii) of the CAA, 42 U.S.C. § 7412(r)(7)(B)(iii), and 40 CFR §§ 68.12 and 68.150, the owner or operator of a stationary source that has 20,000 pounds or more of carbon disulfide in a “process” as defined in 40 CFR § 68.3, must develop an RMProgram accidental release prevention program, and submit and register a single Risk Management Plan (RMPlan) to EPA.

11. Respondent has submitted and registered an RMPlan to EPA for the stationary source identified in Paragraph 6 of this CAFO. Respondent has developed an RMProgram accidental release prevention program for the stationary source identified in Paragraph 6 of this CAFO.

12. EPA alleges that the Respondent violated the codified rules governing the CAA Chemical Accident Prevention Provisions, because Respondent did not adequately implement provisions of 40 C.F.R. Part 68 when:

Respondent failed to document the names or positions of all persons assigned to implement individual requirements of the facility’s accident prevention program, and to document the associated lines of authority of such persons or positions through an organization chart or similar document as required by 40 CFR § 68.15(c);

Respondent failed to develop a written schedule for the implementation/completion of recommendations (action items) resulting from the 2005 process hazard analysis, and failure to document the outcome and completion of action item identified as Node 2.10 (19), as required by 40 CFR § 68.67(e);

Respondent failed to certify annually that the operating procedures are current and accurate and that procedures have been reviewed as often as necessary as required by 40 CFR § 68.69(c);

Respondent failed to conduct audits to evaluate its compliance with the chemical accident prevention program requirements at least every three years as required by 40 CFR § 68.79(a); and

Respondent failed to comply with the reporting requirements of 40 CFR § 68.195(a). Under such requirement, if an owner or operator experiences an accidental release that meets the five-year accident history reporting criteria (as defined at 40 CFR § 68.42) subsequent to April 9, 2004, the owner or operator must submit the information required at 40 CFR §§ 68.168, 68.170(j) and 68.175(l) within six months of the release. A reportable accident occurred at the facility on September 13, 2006. However, Mapa Spontex, Inc., did not submit the required accident history information until March 10, 2008 (postmark date), twelve months later than required.

III. Consent Agreement

13. For the purposes of this CAFO, Respondent admits the jurisdictional allegations set out above but neither admits nor denies the factual allegations set out above.

14. Respondent waives any right to contest the allegations and its right to appeal the proposed final order accompanying the Consent Agreement.

15. Respondent consents to the assessment of and agrees to pay the civil penalty as set forth in this CAFO.

16. Respondent certifies that as of the date of execution of this CAFO, to the best of the Respondent's knowledge, it is compliant with the applicable requirements of Section 112(r) of the CAA.

17. Compliance with the CAFO shall resolve the allegation of violations contained herein. This CAFO shall not otherwise affect any liability of Respondent to the United States other than as expressed herein. Neither EPA nor Complainant waives any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement.

18. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this

22. Pursuant to 31 U.S.C. § 3717, EPA is entitled to assess interest and penalties on debts owed to the United States and a charge to cover the cost of processing and handling a delinquent claim. Interest will therefore begin to accrue on the civil penalty from the date of entry of the CAFO if the penalty is not paid by the date required. Interest will be assessed at the rate established by the Secretary of Treasury pursuant to 31 U.S.C. § 3717. A charge will be assessed to cover the costs of debt collection, including processing and handling costs and attorney fees. In addition, a penalty charge up to six percent per year compounded annually will be assessed on any portion of the debt that remains delinquent more than ninety (90) days after payment is due.
