Larry Zahrowski, Registered Agent
Cedar Hills Water Company
P.O. Box 925
Gillette, Wyoming 82717

Re: Administrative Order issued to Cedar Hills Water Association Public Water System,
PWS ID# WY5600780, Docket No. SDWA-08-2016-0028

Dear Mr. Zahrowski:

Enclosed is an Administrative Order (Order) issued by the United States Environmental Protection Agency under the authority of section 1414(g) of the Safe Drinking Water Act, 42 U.S.C. § 300g-3(g). Among other things, the Order alleges that the Cedar Hills Water Company (Company), as owner and/or operator of the Cedar Hills Water Association Public Water System (System), has violated the National Primary Drinking Water Regulations at 40 C.F.R. part 141.

The Order is effective upon the date received. Please review the Order and within 10 days provide the EPA with any pertinent information you believe the EPA may not have (e.g., any monitoring that may have been done but not submitted, any public notices issued but not provided to the EPA, any updates to the numbers of connections and/or individuals served). If the EPA does not hear from you, the EPA will assume this information is correct.

If the Company complies with the Order, the EPA may close the Order without further action. Failure to comply with the Order may lead to substantial civil penalties and/or a federal court injunction ordering compliance.

The Small Business Regulatory Enforcement and Fairness Act (SBREFA) may apply to this situation. Enclosed is a small business information sheet, outlining compliance assistance resources available to small businesses and small governments, in case these are relevant. SBREFA does not eliminate the responsibility to comply with the Order or the Drinking Water Regulations.

If you have any questions or to request an informal conference with the EPA, please contact Jill Minter at the above address (with the mailcode 8ENF-W), via email at minter.jill@epa.gov or by phone at (800) 227-8917, extension 6084, or (303) 312-6084. Any questions from the Company's attorney should be directed to Mia Bearley, Enforcement Attorney, who may be reached at the above address(with the

mailcode 8ENF-L), via email at bearley.mia@epa.gov or by phone at (800) 227-8917, extension 6554 (303) or 312-6554.

We urge your prompt attention to this matter.

Sincerely,

Arturo Palomares, Director
Water Technical Enforcement Program
Office of Enforcement, Compliance
and Environmental Justice

Campbell County Commissioners
c/o Garry Becker, M.D., Chairman
Campbell County Courthouse
500 South Gillette Avenue
Gillette, Wyoming 82716

Re: Notice of Safe Drinking Water Act Enforcement Action against the Cedar Hills Water Association Public Water System, PWS ID# WY5600780

Dear Commissioners:

The Safe Drinking Water Act requires that the U.S. Environmental Protection Agency notify locally elected officials of certain enforcement actions taken in their area.

An Administrative Order (Order) is being issued to the Cedar Hills Water Company (Company), which owns the Cedar Hills Water Association Public Water System, located in Campbell County, Wyoming, directing the Company to comply with the National Primary Drinking Water Regulations. The violations alleged in the Order include failure to monitor for radionuclides and failure to report the violations to the EPA.

For more details, a copy of the Order is enclosed. **The Order does not require any response or action by the County Commission.** If you have any questions regarding this Order, please contact Jill Minter at minter.jill@epa.gov or (303) 312-6084.

Sincerely,

Arturo Palomares, Director

IN THE MATTER OF: _____)
)
Cedar Hills Water Company,)
)
Respondent. _____)

Docket No. : SDWA-08-2016-0028
ADMINISTRATIVE ORDER

FILED
EPA REGION VIII
HEARING CLERK

1. This Order is issued under the authority vested in the Administrator of the United States Environmental Protection Agency (EPA) by section 1414(g) of the Safe Drinking Water Act (Act), 42 U.S.C. § 300g-3(g), as properly delegated to the undersigned officials.
2. Cedar Hills Water Company (Respondent) is a Wyoming corporation that owns and/or operates the Cedar Hills Water Association Public Water System (System), which provides piped water to the public in Campbell County, Wyoming, for human consumption.
3. The System uses a groundwater source accessed via two wells. The water from one well, Cedar Hills #2, is treated with chlorine gas and sent to three 42,000 gallon storage tanks. The second well, Cedar Hills #1, is a backup water source. The water from the backup well is not treated.
4. The System has approximately 100 service connections used by year-round residents and/or regularly serves an average of approximately 258 year-round residents. Therefore, the System is a “public water system” and a “community water system” as defined in 40 C.F.R. § 141.2 and section 1401 of the Act, 42 U.S.C. § 300f.
5. Respondent is subject to the Act and the National Primary Drinking Water Regulations (Drinking Water Regulations) at 40 C.F.R. part 141. The Drinking Water Regulations are “applicable requirements” as defined in section 1414(i) of the Act, 42 U.S.C. § 300g-3(i).
6. The Drinking Water Regulations include monitoring requirements. The EPA has sent Respondent annual notifications of the specific monitoring requirements that apply to the System.

VIOLATIONS

7. Respondent is required to monitor the System’s water quarterly for certain radionuclides. 40 C.F.R. § 141.26(a)(3)(v). Respondent failed to monitor the System’s water for radionuclides during the 1st quarter of 2015 and the 1st quarter of 2016 and, therefore, violated this requirement.
8. Respondent is required to report any failure to comply with any Drinking Water Regulation to the EPA within 48 hours (except where the Drinking Water Regulations specify a

different time period). 40 C.F.R. § 141.31(b). Respondent failed to report the violations cited in paragraph 7, above, to the EPA and, therefore, violated this requirement.

ORDER

Based on the above violations, Respondent is ordered to perform the following actions upon Respondent's receipt of this Order (unless a different deadline is specified below):

9. Respondent shall monitor the System's water for radionuclides as required by the Drinking Water Regulations. Respondent is next required to sample for radionuclides during the 4th Quarter of 2016. 40 C.F.R. § 141.26(a). Respondent shall report any analytical results to the EPA within the first 10 days following the month in which sample results are received as required by 40 C.F.R. § 141.31(a). Respondent shall report any violation of monitoring requirements to the EPA within 48 hours of the violation occurring, as required by 40 C.F.R. § 141.31(b).
10. This Order shall be binding on Respondent, its successors and assigns, and any person (e.g., employee, contractor, or other agent) acting in concert with Respondent.
11. If Respondent (a) leases or sells the System to another person or entity, or (b) contracts with or hires any other person or entity to operate the System, Respondent shall, no later than the date of such lease, sale, or other contract, provide a copy of this Order to the lessee, purchaser, or contractor. No later than 10 days thereafter, Respondent shall notify the EPA in writing of the lease, sale, or other contract, with such notification to include the name and contact information of the person who has leased, bought, or contracted to operate the System. Respondent shall remain obligated to comply with this Order even if Respondent leases the System to another person or entity or hires another person or entity to operate the System.
12. Respondent shall send all reporting and notifications required by this Order in writing to:

U.S. EPA Region 8 (8P-W-DW)
1595 Wynkoop Street
Denver, Colorado 80202-1129
Email: R8DWU@epa.gov
Fax: (877) 876-9101

GENERAL PROVISIONS

13. This Order shall not constitute a waiver, suspension, or modification of any requirement of the Act or the Drinking Water Regulations. Issuance of this Order is not an election by the EPA to forgo any civil or criminal action.

14. Violation of any part of this Order or the Drinking Water Regulations may subject Respondent to a civil penalty of up to \$53,907 (as adjusted for inflation) per day of violation. 42 U.S.C. § 300g-3; 40 C.F.R. part 19; 81 Fed. Reg. 43091 (July 1, 2016).

15. Respondent may seek federal judicial review of this Order pursuant to section 1448(a) of the Safe Drinking Water Act, 42 U.S.C. § 300j-7(a).

16. This Order is effective upon receipt by Respondent and will continue to be in effect until closed by the EPA.

Small Entity Compliance Guides

<http://www.epa.gov/sbrefa/compliance-guides.html>

EPA publishes a Small Entity Compliance Guide (SECG) for every rule for which the Agency has prepared a final regulatory flexibility analysis, in accordance with Section 604 of the Regulatory Flexibility Act (RFA).

Regional Small Business Liaisons

<http://www.epa.gov/sbo/rsbl.htm>

The U.S. Environmental Protection Agency (EPA) Regional Small Business Liaison (RSBL) is the primary regional contact and often the expert on small business assistance, advocacy, and outreach. The RSBL is the regional voice for the EPA Asbestos and Small Business Ombudsman (ASBO).

State Resource Locators

www.envcap.org/statetools

The Locators provide state-specific contacts, regulations and resources covering the major environmental laws.

State Small Business Environmental Assistance Programs (SBEAPs)

www.epa.gov/sbo/507program.htm

State SBEAPs help small businesses and assistance providers understand environmental requirements and sustainable business practices through workshops, trainings and site visits.

EPA's Tribal Portal

www.epa.gov/tribalportal/

The Portal provides access to information on environmental issues, laws, and resources related to federally recognized tribes.

EPA Compliance Incentives

EPA provides incentives for environmental compliance. By participating in compliance assistance programs or voluntarily disclosing and promptly correcting violations before an enforcement action has been initiated, businesses may be eligible for penalty waivers or reductions. EPA has two such policies that may apply to small businesses:

EPA's Small Business Compliance Policy

www2.epa.gov/enforcement/small-businesses-and-enforcement

This Policy offers small businesses special incentives to come into compliance voluntarily.

EPA's Audit Policy

www2.epa.gov/compliance/epas-audit-policy

The Policy provides incentives to all businesses that voluntarily discover, promptly disclose and expeditiously correct their noncompliance.

Commenting on Federal Enforcement Actions and Compliance Activities

The Small Business Regulatory Enforcement Fairness Act (SBREFA) established a SBREFA Ombudsman and 10 Regional Fairness Boards to receive comments from small businesses about federal agency enforcement actions. If you believe that you fall within the Small Business Administration's definition of a small business (based on your North American Industry Classification System designation, number of employees or annual receipts, as defined at 13 C.F.R. 121.201; in most cases, this means a business with 500 or fewer employees), and wish to comment on federal enforcement and compliance activities, call the SBREFA Ombudsman's toll-free number at 1-888-REG-FAIR (1-888-734-3247).

Every small business that is the subject of an enforcement or compliance action is entitled to comment on the Agency's actions without fear of retaliation. EPA employees are prohibited from using enforcement or any other means of retaliation against any member of the regulated community in response to comments made under SBREFA.

Your Duty to Comply

If you receive compliance assistance or submit a comment to the SBREFA Ombudsman or Regional Fairness Boards, you still have the duty to comply with the law, including providing timely responses to EPA information requests, administrative or civil complaints, other enforcement actions or communications. The assistance information and comment processes do not give you any new rights or defenses in any enforcement action. These processes also do not affect EPA's obligation to protect public health or the environment under any of the environmental statutes it enforces, including the right to take emergency remedial or emergency response actions when appropriate. Those decisions will be based on the facts in each situation. The SBREFA Ombudsman and Fairness Boards do not participate in resolving EPA's enforcement actions. Also, remember that to preserve your rights, you need to comply with all rules governing the enforcement process.

EPA is disseminating this information to you without making a determination that your business or organization is a small business as defined by Section 222 of the Small Business Regulatory Enforcement Fairness Act or related provisions.
