Dear Ms. Brown:

This is an Addendum to the Emergency Administrative Order (Order) the U.S. Environmental Protection Agency issued to Leisure Valley, Inc. on July 12, 2021. The Order was prompted by a loss of pressure in the Star Valley RV Park Public Water System (System). The Order directed Leisure Valley, Inc., among other things, to provide the EPA with a plan and schedule for preventing future pressure losses in the System. The purpose of this letter is to approve the following schedule (Schedule). The Schedule is hereby incorporated into the Order pursuant to paragraph 17 of the Order. Each milestone and deadline specified below is an enforceable provision of the Order.

Milestone

Deadline

Submit complete permit application to the Wyoming Department of Environmental Quality for installing a backup generator for the System	March 31, 2022
Install generator	December 31, 2022

Within 10 calendar days of completing all steps included in the above Schedule, please notify the EPA of the project's completion, as required by the Order. The EPA is authorized to seek penalties if these deadlines are not met.

In addition, the EPA acknowledges that the COVID-19 pandemic also may impact construction projects. If you become aware of any reason to believe it may not be possible to meet the deadlines in the Schedule, including any specific COVID-19 issues, please contact Steven Latino via email at [latino.steven@epa.gov](mailto:latino.steven@epa.gov) or by phone at (800) 227-8917, extension 6440, or (303) 312-6440 as soon as possible. The EPA may, in its discretion, consider granting an extension.

If you have any questions concerning this Addendum, please contact Steven Latino at the email and phone number listed in the above paragraph. Any questions from the Respondent's attorney should be directed to Peggy Livingston, Senior Assistant Regional Counsel, via email at [livingston.peggy@epa.gov](mailto:livingston.peggy@epa.gov) or by phone at (800) 227-8917, extension 6858, or (303) 312-6858.
