**PROPOSED COMPLIANCE ORDER,  
PENALTY COMPLAINT, AND NOTICE OF  
OPPORTUNITY FOR HEARING**

**INTRODUCTION**

1. This Proposed Compliance Order, Penalty Complaint and Notice of Opportunity for Hearing (complaint) is authorized by Congress in section 1423 of the Public Health Service Act, commonly known as the Safe Drinking Water Act (the Act). 42 U.S.C. § 300h-2. The Environmental Protection Agency (EPA) regulations authorized by the statute are set out in part 144 of title 40 of the Code of Federal Regulations (C.F.R.), and violations of the statute, permits or EPA regulations constitute violations of the Act. The rules for this proceeding are the "Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation, Termination or Suspension of Permits ("Rules of Practice")," 40 C.F.R. Part 22, a copy of which is enclosed.

2. The undersigned EPA official has been properly delegated the authority to issue this complaint.

3. EPA alleges that Auto Pros & Avenger Four Wheel Drive, Inc. and JEG Properties, LLC ("Respondents") have violated the regulations and therefore the Act, as more fully explained below.

**NOTICE OF OPPORTUNITY FOR A HEARING**

4. Respondents have the right to a public hearing before a presiding officer within the Agency to (1) disagree with any fact alleged by EPA in the complaint, (2) state the grounds for any legal defense or (3) disagree with the appropriateness of the proposed penalty.

5. To disagree with the complaint and assert Respondents' right to a hearing, Respondents must file a written answer (and one copy) with the Regional Hearing Clerk (1595 Wynkoop Street (SRC)); Denver, Colorado 80202) within thirty (30) calendar days of receiving this complaint. The answer must clearly admit, deny or explain the factual allegations of the complaint, the grounds for any defense, the facts Respondents may dispute, and Respondents' specific request for a public hearing. Please see section 22.15 of the Rules of Practice for a complete description of what must be in the answer. **FAILURE TO FILE AN ANSWER AND REQUEST A HEARING WITHIN THIRTY (30) CALENDAR DAYS MAY WAIVE RESPONDENTS' RIGHT TO DISAGREE WITH THE ALLEGATIONS OR PROPOSED PENALTY, AND RESULT IN A DEFAULT JUDGMENT AND ASSESSMENT OF PENALTY UP TO THE MAXIMUM AUTHORIZED BY THE ACT.**

### SETTLEMENT NEGOTIATIONS

6. EPA encourages discussing whether cases can be settled through informal settlement conferences. If Respondents want to pursue the possibility of settling this matter, or has any other questions, contact the attorney listed at the end of this complaint. **Please note that calling the attorney or requesting a settlement conference does NOT delay the running of the thirty (30) day period for filing an answer and requesting a hearing.**

### GENERAL ALLEGATIONS

The following general allegations apply to all times relevant to this action, and to each violation alleged in this complaint:

7. Respondent, Auto Pros & Avenger Four Wheel Drive, Inc. (Avenger) is a corporation, incorporated in the State of Colorado and doing business in the State of Colorado.

8. Respondent, JEG Properties, LLC (JEG) is a domestic limited liability company, incorporated in the state of Colorado and doing business in the State of Colorado.

9. Respondents are "persons" as defined in the Act, and therefore subject to the requirements of the statute and/or regulations. 42 U.S.C. § 300f (11).

10. Respondent Avenger operates the facility located at 4712 Austin Bluffs Parkway, Colorado Springs, Colorado ("facility").

11. Respondent JEG owns the facility located at 4712 Austin Bluffs Parkway, Colorado Springs, Colorado.

12. On August 30, 2002, EPA Region 8 received a completed *Shallow Injection Well Inventory Request Form* for the facility, prepared by Jack Schuler, President, representing Respondent Avenger dated August 27, 2002 (Inventory Form).

13. The Inventory Form indicated the existence of one septic system that receives wastes from both a sanitary system and a floor drain in the motor vehicle maintenance shop.

14. On June 20, 2007, authorized EPA employees entered the facility with consent to inspect it for compliance with the law.

15. As of June 20, 2007, it was verified that Respondents owned and were operating a Class V Motor Vehicle Waste Disposal Well.

16. Respondents' disposal system, as identified in the inspection above, is classified as a "Class V Injection Well" as defined by 40 C.F.R. §§144.6 and 146.5. Respondents are subject to applicable requirements of 40 C.F.R. §§124, 144 and 146.

17. Lying underneath the disposal well are underground sources of drinking water (USDWs), including but not limited to unconsolidated sand and gravel aquifers approximately 100 feet below land surface.

18. Respondents are in violation of:

- (a) 40 C.F.R. §§ 144.12(a) and 144.82(a)(1) by owning, operating or maintaining a Class V disposal well which, through injection activity, allows the movement of fluid containing any contaminant into underground sources of drinking water, if the presence of that contaminant may cause a violation of any primary drinking water regulation or may otherwise adversely affect the health of persons; and
- (b) 40 C.F.R. § 144.88(b) for operating a motor vehicle waste disposal well after the January 1, 2007 ban of all motor vehicle waste disposal wells.

Respondents' operation of the well in violation of the EPA regulations is therefore in violation of the Act, 42 U.S.C. § 3000h-2 (c)(1).

### **PROPOSED COMPLIANCE ORDER**

19. Respondents shall:

(a) within thirty (30) calendar days of Respondents' receipt of this complaint, submit to EPA, in writing, a schedule for permanently closing the disposal well, and a plan for alternative disposal of the waste. If the closure includes the use of a holding tank, the plan must address the specific type, specifications and size of tank to be installed. EPA will promptly review the proposed plan and either approve it or provide Respondents with written comments;

(b) within sixty (60) calendar days of the receipt of this complaint, permanently close the disposal well; and

(c) within thirty (30) calendar days of completing this work, provide EPA with subsequent documentation of the closure.

20. Respondents shall submit all documentation to:

Britta Campbell Copt (Mail Code 8ENF-UFO)  
U.S. EPA Region 8  
1595 Wynkoop Street  
Denver, Colorado 80202

### PROPOSED CIVIL PENALTY

21. For an administrative proceeding, the Act authorizes the assessment of a civil penalty of up to \$11,000 per day, for each violation of the Act, up to a maximum of \$157,500. 42 U.S.C. § 3000h-2 (c)(1). The Act requires EPA to take into account appropriate factors in assessing a civil penalty, including the seriousness of the violations, the economic benefit resulting from the violations, any history of such violations, and good-faith efforts to comply with the requirements, the economic impact on the violators, and such other matters as justice may require.

22. As required by the Act, prior to the assessment of a civil penalty, EPA will provide public notice of the proposed penalty, and reasonable opportunity for the people to comment on the matter, and present evidence in the event a hearing is held 42 U.S.C. § 3000h-2 (c)(3)(B).

23. To discuss settlement or ask any questions you may have about this case or process, please contact Jim Eppers, Enforcement Attorney, at 303-312-6893, or the address below.

**U.S. ENVIRONMENTAL PROTECTION AGENCY  
PUBLIC NOTICE  
OPPORTUNITY FOR PUBLIC COMMENT ON  
PROPOSED COMPLIANCE ORDER, PENALTY COMPLAINT,  
AND  
NOTICE OF OPPORTUNITY FOR HEARING  
AGAINST  
AUTO PROS & AVENGER FOUR WHEEL DRIVE, INC. AND JEG PROPERTIES, LLC  
FOR FAILURE TO COMPLY WITH  
UNDERGROUND INJECTION CONTROL REGULATIONS**

**PURPOSE OF PUBLIC NOTICE**

The purpose of this notice is to solicit written comments on a Proposed Compliance Order, Penalty Complaint, and Notice of Opportunity for Hearing (complaint) [Docket No. SDWA-08-2008-0049 ] that Region 8 of the United States Environmental Protection Agency (EPA) proposes to issue to Auto Pros & Avenger Four Wheel Drive, Inc. and JEG Properties, LLC for alleged violations at their automotive repair facility located in Colorado Springs, Colorado. The complaint alleges violations of the Safe Drinking Water Act (SDWA) and the regulations detailing the requirements of the SDWA's Underground Injection Control (UIC) program. These regulations govern the injection of fluids that may endanger an underground source of drinking water (USDW). The complaint proposes compliance requirements and monetary penalties for the alleged violations.

The EPA desires to receive written comments from any interested party having knowledge of the alleged violations or who can provide any information useful to ensure that the complaint is appropriate. EPA will review and consider all comments received, and will thereafter determine whether to modify or withdraw the complaint.

**BACKGROUND**

Part C of the SDWA (40 U.S.C. §300h *et seq*) requires the EPA to regulate underground injection of fluid through wells to assure that underground sources of drinking water (USDWs) are not endangered. Section 1421 of the SDWA (40 U.S.C. §300h) requires EPA to administer UIC programs in States that do not have approved State UIC programs. Regulation of the UIC Class V Program has not been delegated to the State of Colorado; therefore, EPA administers the program in accordance with title 40 of the Code of Federal Regulations (40 C.F.R.) parts 124, 144, 146, 147, and 148.

The Class V motor vehicle waste disposal well which is the subject of this complaint, is located at 4712 Austin Bluffs Parkway, Colorado Springs, Colorado. A Class V injection well, pursuant to 40 C.F.R. §§ 144.6 and 146.5, is a shallow injection well that injects fluids into or above a USDW.

The complaint alleges that Auto Pros & Avenger Four Wheel Drive, Inc. as operator of the facility, and JEG Properties, LLC, as owner of the facility, are in violation of UIC regulations and are

subject to appropriate penalties for failing to prevent movement of fluids into a USDW that may cause a violation of a primary drinking water regulation under 40 C.F.R. part 142 or otherwise adversely affect the health of persons. The complaint cites that EPA may assess an administrative civil penalty of up to \$11,000 per day, for each violation of the Act, up to a maximum of \$157,500 and proposes certain compliance measures, including the permanent closure of the well.

## **PUBLIC COMMENTS**
