Good morning,

Sorry I just found out about this important topic.

Please do all you can to stop this runoff from this destructive project. I have been going to Rincon for 20 years and this is one of the most deserable areas known for its natural wonders,protected shoreline and protected corals.

I also wondered if you are doing anything to control the bycle highway they are trying to build which will really destrpy this area. If not please also look into that terrible project.

Thank you for your wonderful work to help save our planet.

Jamie Meehan
