**Re:** Request for extension of time

Dear EPA:

We requested an extension dated August 15 on the above article and docket, and this extension was granted, extending to October 15.

I was unable to follow through on a phone meeting I then had scheduled with Nina Dale for some guidance on how to achieve compliance – and learned last week that the next date available for such a ‘settlement’ conference call is October 22. The call is now scheduled for 2PM that day.

I request that you please grant a second extension in this matter as our school is intent on achieving compliance as soon as possible; but I need the benefit of the settlement call with Ms. Dale so that I can take the proper steps. In order that I account for any unforeseen issues in successfully achieving compliance, I hope you will consider an extension of 60 to 90 days.

Thank you for your understanding. I will mail the original of this letter to you today, October 14.

Sincerely,

A handwritten signature in black ink, appearing to read "Ben Biddle".
