SUPPORTING AFFIDAVIT

Respondent.

Proceeding pursuant to Section 309(g) of the
Clean Water Act, 33 U.S.C. § 1319(g)

STATE OF NEW YORK)
COUNTY OF MONROE) ss.:

JOSEPH D. PICCIOTTI, being duly sworn, deposes and says:

1. I am counsel for Respondent in this matter and I submit this affidavit in support of the attached Notice of Motion submitted by Respondent seeking to enlarge the time of Respondent to answer or otherwise respond to the Administrative Complaint. The Administrative Complaint in this matter was received by a person of responsibility with the Respondent sometime within the first two weeks of September, 2010.

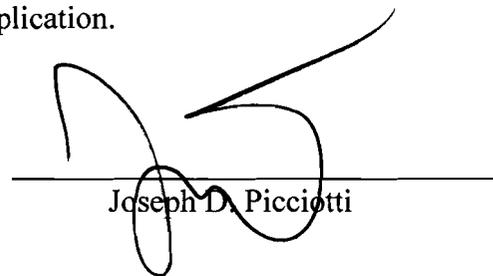

2. As indicated in the Notice of Motion, I have had communications with counsel for the Environmental Protection Agency in this matter (the "Agency"), Lauren Fischer, concerning the date by which the Respondent's answer or other response to the Administrative Complaint is due. Ms. Fischer has stated that the Agency has agreed to

enlarge the time for the Respondent to file its answer or otherwise respond to the Administrative Complaint. We propose the time to answer or otherwise respond be set to April 16, 2012.

3. Respondent requests that this motion be granted extending Respondent's time to answer or otherwise respond to the Administrative Complaint to and including March 30, 2012 in order to allow Respondent to complete its negotiations with the Agency to resolve this matter by mutual agreement of the parties in as expeditious a manner as possible.

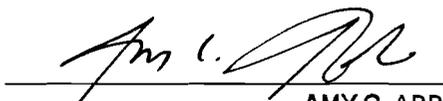

4. Respondent has continued to work with the Agency since the filing of the Administrative Complaint on a settlement of the claims in the Administrative Complaint and progress has been made, including negotiations concerning a supplemental project and Respondent has undertaken significant efforts with third parties in order to come to terms on such project, but because an entity that was going to participate in the proposed project recently withdrew from it, more time is needed to finally conclude this as an alternative to proceeding with litigation.

5. No further relief is requested by this application.

Joseph D. Picciotti
