Re: Termination of Order for Compliance on Consent
Docket No. CWA-07-2025-0196
US Minerals, Inc., LaCygne, Kansas

Dear Mr. Kossis:

On November 19, 2025, the referenced Administrative Order for Compliance on Consent was issued by the U.S. Environmental Protection Agency to US Minerals, Inc. (Respondent), under the authority of Section 309(a) of the Clean Water Act, 33 U.S.C. § 1319(a). The EPA has reviewed the information submitted by Respondent in response to the required compliance activities outlined in paragraph 53 of the Order and has determined that those requirements have been met. This letter serves as a notification to Respondent that EPA is terminating the Order. The EPA's decision to terminate the Order is conditioned upon the accuracy of Respondent's representations to the EPA in response to the requirements of the Order.

Termination of this Order in no way relieves Respondent of the obligation to comply with the National Pollutant Discharge Elimination System permit for the facility and all applicable statutes and regulations. The effect of this termination is limited to the requirements imposed under the Order. The EPA reserves all of its authorities, both legal and equitable, under the CWA and any other statutory, regulatory, or common law authorities of the United States.

If you have any questions relating to this termination letter or the above referenced enforcement action, please contact Cynthia Sans of my staff, at (913) 551-7492 or Kristina Gonzales in the Office of Regional Counsel at (913) 551-7216.

Sincerely,

Alyse Stoy
Acting Director
