RECEIVED  
EPA REGION IV

CONSENT AGREEMENT AND FINAL ORDER

I. Nature of the Action

1. This is a civil penalty proceeding pursuant to Section 109 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), as amended, 42 U.S.C. § 9609 and Section 325 of the Emergency Planning and Community Right-to-Know Act (EPCRA), 42 U.S.C. § 11045 and pursuant to the Consolidated Rules of Practice Governing Administrative Assessment of Civil Penalties, and the Revocation/Termination or Suspension of Permits (Consolidated Rules), codified at 40 C.F.R. Part 22. Complainant is the Director of the Air, Pesticides and Toxics Management Division, Region 4, United States Environmental Protection Agency (EPA). Respondent is Agri-Gro Farm Center, Inc.

2. The authority to take action under Section 109 of CERCLA, 42 U.S.C. § 9609 and Section 325 of EPCRA, 42 U.S.C. § 11045, is vested in the Administrator of EPA. The Administrator of EPA has delegated this authority under CERCLA and under EPCRA to the Regional Administrators by EPA Delegations 14-31 and 22-3-A, both dated May 11, 1994. The Regional Administrator, Region 4, has redelegated to the Director, Air, Pesticides and Toxics Management Division, the authority under CERCLA by EPA Region 4 Delegation 14-31 dated March 8, 1999, and updated August 6, 2004, and the authority under EPCRA by EPA Region 4 Delegation 22-3-A, dated November 8, 1994. Pursuant to these delegations, the Director of the Air, Pesticides and Toxics Management Division has the authority to commence an enforcement action as the Complainant in this matter.

3. Complainant and Respondent have conferred for the purpose of settlement pursuant to 40 C.F.R. § 22.18(b) and desire to resolve this matter and settle the allegations described herein without a formal hearing. Therefore, without the taking of any evidence or testimony, the making of any argument, or the adjudication of any issue in this matter, and in accordance with 40 C.F.R. §§ 22.13(b) and 22.18(b), this Consent Agreement and Final Order (CAFO) will simultaneously commence and conclude this matter.

II. Preliminary Statements

4. Respondent, Agri-Gro Farm Center, Inc., is a corporation doing business in the

Commonwealth of Kentucky.

5. Respondent is a “person” as defined in Section 329(7) of EPCRA, 42 U.S.C. § 11049(7) and Section 101(21) of CERCLA, 42 U.S.C. § 9601(21).
6. Respondent has a “facility” as that term is defined by Section 101(9) of CERCLA, 42 U.S.C. § 9601(9) and by Section 329(4) of EPCRA, 42 U.S.C. § 11049(4).
7. Respondent’s facility is located at 100 Agi-Gro Drive, Hartford, Kentucky.
8. Respondent is an “owner or operator” of the facility as that term is defined by Section 101(20)(A) of CERCLA, 42 U.S.C. § 9601(20)(A).

### III. EPA’s Allegation of Violations

#### Violation of 103(a) of CERCLA

9. Section 102(a) of CERCLA, 42 U.S.C. § 9602(a), required the Administrator of EPA to publish a list of substances designated as hazardous substances which, when released into the environment, may present substantial danger to public health or welfare or the environment and to promulgate regulations establishing the quantity of any hazardous substance the release of which was required to be reported under Section 103(a) of CERCLA, 42 U.S.C. § 9603(a). EPA has published and amended such a list, including the corresponding reportable quantities (RQ) for those substances. This list was initially published on April 4, 1985 (50 Fed. Reg. 13474) and is periodically amended. The list is codified at 40 C.F.R. Part 302.
10. Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), and the regulations found at 40 C.F.R. Part 302.6, require a person in charge of a facility or vessel to immediately notify the National Response Center (NRC), as soon as he or she has knowledge of a release of a hazardous substance from such facility or vessel in an amount equal to, or greater than the RQ.
11. Respondent was in charge of the facility in paragraph 7, on April 10, 2013.
12. Ammonia is a “hazardous substance” as that term is defined by Section 101(14), 42 U.S.C. § 9601(14), with an RQ of 100 pounds, as specified in 40 C.F.R. § 302.4.
13. On April 10, 2013, Respondent had a release of ammonia above the RQ at the facility.
14. EPA alleges that Respondent violated the notification requirements of Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), by failing to immediately notify the NRC as soon as Respondent had knowledge of the release of ammonia in an amount equal to or greater than its RQ at Respondent’s facility and is therefore subject to the assessment of penalties under Section 109 of CERCLA, 42 U.S.C. § 9609.

15. Pursuant to Section 109 of CERCLA, 42 U.S.C. § 9609, and 40 C.F.R. Part 19, EPA may assess a penalty not to exceed \$37,500 for each violation of Section 103(a) of CERCLA, 42 U.S.C. § 9603(a), that occurred after January 12, 2009. Each day a violation of Section 103 continues constitutes a separate violation. Civil penalties under Section 109 of CERCLA, 42 U.S.C. § 9609, may be assessed by Administrative Order.

#### Violations of Section 304(c) EPCRA

16. Section 304(c) of EPCRA, 42 U.S.C. § 11004(c) and the regulations found at 40 C.F.R. § 355, Subpart C, require the owner or operator of a facility at which hazardous chemicals are produced, used or stored, to provide a written follow-up emergency notice to the State Emergency Response Commission (SERC) and Local Emergency Planning Committee (LEPC) when there has been a release of a CERCLA hazardous substance or EPCRA extremely hazardous substance in an amount equal to or greater than the RQ.

17. Respondent was the owner or operator of the facility in paragraph 7, on April 10, 2013.

18. At all times relevant to this matter, the facility produced, used, or stored a “hazardous chemical” as defined under Section 311(e) of EPCRA, 42 U.S.C. § 11021(e) and under 29 C.F.R. § 1910.1200(c).

19. Ammonia is an “extremely hazardous substance” as that term is defined by Section 329(3) of EPCRA, 42 U.S.C. § 11049(3), with an RQ of 100 pounds, as specified in 40 C.F.R. Part 355, Appendices A & B.

20. On April 10, 2013, Respondent had a release of ammonia above the RQ at the facility.

21. Respondent violated the notification requirements of Section 304(c) of EPCRA, 42 U.S.C. § 11004(c), by failing to provide a written follow-up emergency notice to the LEPC when there had been a release of ammonia in an amount equal to or greater than the RQ at Respondent’s facility, and is therefore subject to the assessment of penalties under Section 325 of EPCRA, 42 U.S.C. § 11045.

22. Pursuant to Section 325(b) of EPCRA, 42 U.S.C. § 11045(b), and 40 C.F.R. Part 19, EPA may assess a penalty of not more than \$37,500 for each violation of Sections 304(a) and (c) of EPCRA, 42 U.S.C. § 11004(a)(c), that occurred on or after January 12, 2009. Civil penalties under Section 325(b) of EPCRA, 42 U.S.C. § 11045(b), may be assessed by Administrative Order.

#### IV. Consent Agreement

23. For the purposes of this CAFO, Respondent admits the jurisdictional allegations

set out above but neither admits nor denies the factual allegations set out above.

24. Respondent waives any right to contest the allegations and its right to appeal the proposed Final Order accompanying the Consent Agreement.

25. Respondent consents to the assessment of and agrees to pay the civil penalty as set forth in this CAFO.

26. Respondent agrees to complete the Supplemental Environmental Project (SEP) set forth in this CAFO.

27. Respondent certifies that as of the date of its execution of this CAFO, it is in compliance with all relevant requirements of EPCRA and CERCLA.

28. Compliance with the CAFO shall resolve the allegations of violations contained herein. This CAFO shall not otherwise affect any liability of Respondent to the United States other than as expressed herein. Neither EPA nor Complainant waives any right to bring an enforcement action against Respondent for violation of any federal or state statute, regulation or permit, to initiate an action for imminent and substantial endangerment, or to pursue criminal enforcement.

29. Complainant and Respondent agree to settle this matter by their execution of this CAFO. The parties agree that the settlement of this matter is in the public interest and that this CAFO is consistent with the applicable requirements of CERCLA and EPCRA.

36. Respondent shall undertake and complete the following Emergency Planning and Preparedness Supplemental Environmental Project (SEP) project within 45 days of the effective date of this CAFO. Respondent shall expend no less than SIXTEEN THOUSAND FIVE HUNDRED NINETY FOUR DOLLARS (\$16,594) for the purchase of the following equipment for the Hartford, Kentucky Fire Department:

<u>Quantity</u>	<u>Description</u>
2	AMKUS AMK-22 Cutter (Item # 220200001000)
1	AMKUS GH2B-MCH Mini Power Unit (Item # 701200FHDD1A)
1	AMKUS Standard Coupler Kit 2 Port, (1) left (1) right (Item # 990169070070)

This Consent Agreement and Final Order shall not be construed to constitute EPA endorsement of the equipment or technology to be purchased by Respondent in connection with the SEP undertaken pursuant to this Agreement.

37. Respondent certifies that neither it, nor, to the best of its knowledge, the recipient of the Emergency Planning and Preparedness SEP, is a party to any open federal financial assistance transaction that is funding or could be used to fund the same activity as the SEP. Respondent further certifies that, to the best of its knowledge and belief after reasonable inquiry, there is no such open federal financial transaction that is funding or could be used to fund the same activity as the SEP, nor has the same activity been described in an unsuccessful federal financial assistance transaction proposal submitted to EPA within two years of the date of this settlement (unless the project was barred from funding as statutorily ineligible). For the purposes of this certification, the term "open federal financial assistance transaction" refers to a grant, cooperative agreement, loan, federally-guaranteed loan guarantee, or other mechanism for providing federal financial assistance whose financial performance period has not yet expired.

38. Respondent has obtained and presented to EPA a separate written Certification from the recipient of the SEP, (Hartford, Kentucky Fire Department) stating that it is not a party to any open federal financial assistance transaction as stated in paragraph 37.

39. Respondent agrees that in order to receive credit for the SEP, it must fully and timely complete SEP project in accordance with Paragraph 36. If Respondent does not fully and timely complete the SEP, it shall be required to pay stipulated penalties pursuant to Paragraphs 40 and 46.

40. If Respondent fails to timely and fully complete any part of the SEP, including failure to spend the minimum amount of SIXTEEN THOUSAND FIVE HUNDRED NINETY FOUR DOLLARS (\$16,594), Respondent shall pay to the United States a stipulated penalty of the difference between \$16,594 and the actual SEP amount.

41. For purposes of paragraph 40, whether Respondent has fully and timely completed the SEP shall be in the sole discretion of EPA.

42. Respondent certifies that, as of the date this CAFO is signed, it is not required to perform any part of the SEP by any federal, state or local law, regulation, permit or order, or by any agreement or grant. Respondent further certifies that, as of this date, it has not received and is not negotiating to receive, credit for any part of the SEP in any other enforcement action of any kind.

43. Any public statement, oral or written, by Respondent making any reference to the SEP, shall include the following language:

“This project was undertaken in connection with the settlement of an enforcement action taken by the U.S. Environmental Protection Agency for violation of Section 103 Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and Section 304 the Emergency Planning and Community Right-to-Know Act (EPCRA).”

44. No later than sixty (60) calendar days after the effective date of this CAFO, Respondent shall submit to EPA a SEP Completion Report. The Report shall be sent to the EPCRA Enforcement Section, to the attention of Vinson Poole at the address provided above. The Report shall include the following:

(a) an affidavit from an authorized company official, attesting that the SEP has been completed or explaining in detail any failure to complete it; and

(b) copies of appropriate documentation, including invoice and receipts, showing a total expenditure of no less than \$16,594, was spent on the Emergency Planning and Preparedness SEP described in Paragraph 36.

Upon request, Respondent shall send EPA any additional documentation requested by EPA.

45. If Respondent fails to timely submit a SEP Completion Report as required by this CAFO, Respondent shall pay to the United States a stipulated penalty of \$100 for each calendar day that the report is late.

46. Respondent shall pay any stipulated penalties that accrue under this CAFO within 15 calendar days of the receipt by Respondent of written demand from EPA for such penalties. Such penalties shall be paid in accordance with the procedures set forth above for the payment of the civil penalty.

47. For Federal Income Tax purposes, Respondent agrees that it will neither capitalize into inventory or basis nor deduct any costs or expenditures incurred in performing the SEP.
