RE: Obligations required under CAFO – EPA Docker No. CAA-05-2015-0057
Orrville Generating Station

Dear Mayor Handwerk:

On or around November 10, 2020, the City of Orrville (Orrville) requested that EPA confirm that Orrville has met all of its obligations under Orrville's Consent Agreement and Final Order (CAFO) with EPA, EPA Docker No. CAA-05-2015-0057, filed on September 16, 2015 (and amended on September 28, 2018).

EPA has reviewed the Table of Obligations and Deliverables submitted by Orrville on December 1, 2020 and based upon a review of these tables and the associated corresponding referenced documentation, confirms that Orrville has met the compliance requirements in the CAFO and amendment. If you have any further questions or concerns, please feel free to contact Cynthia Kawakami (312-886-0564) of our Office of Regional Counsel.

Sincerely,
