Mr. Jim Rodgers
Jim's Water Service
P.O. Box 2290
Gillette, Wyoming 82716

Re: Notification of Termination of Administrative Order
Pursuant to Section 7003 of RCRA Docket No. RCRA-08-2011-0001

Mr. Rodgers:

On May 26, 2015, representatives of the United States Environmental Protection Agency, the United States Fish and Wildlife Service and the Wyoming Department of Environmental Quality conducted an inspection at the Jim's Water Service – Sweetwater Commercial Oilfield Waste Disposal Facility (COWDF) to determine compliance with the above-referenced order (Order). No significant environmental concerns were noted by the inspectors on May 26, 2015.

On January 12, 2016, the USEPA received Jim's Water Service – Sweetwater's 2015 4th Quarter Report, dated January 8, 2016. No environmental concerns were noted in this quarterly report.

Based upon observations made during this and other inspections conducted since issuance of the Order on February 2, 2011, and submission of quarterly progress reports as required in paragraph VII.G.1 of the Order, the USEPA has determined that since there has been no significant deterioration in environmental conditions at the facility, pursuant to section XXI of the Order, this Jim's Water Service Order is terminated. We direct your attention to section XI of the Order for a description of Jim's Water Service – Sweetwater COWDF's ongoing record availability and retention responsibilities and section XXI of the Order for other continuing obligations.

If you have any comment(s) or question(s) concerning this notification, please feel free to contact Mr. Randy Lamdin of the USEPA Region 8 Technical Enforcement Program at (303) 312-6350 or Mr. Chuck Figur of the Legal Enforcement Program at (303) 312-6915.

Sincerely,

A handwritten signature in black ink, appearing to read "Kelcey Land".
