RE: Docket # TSCA-01-2009-0105

REQUEST OF EXTENSION OF TIME TO REQUEST A HEARING

The Respondent in the above action, Michael Perugini, requests a further 30 day extension of time to request a hearing up to and including May 5, 2010.

The reason for such request is that the Respondent and the EPA have reached a tentative agreement but unfortunately there was a three week delay in inspecting the SEP work to be performed and the Respondent has not yet received a written agreement from EPA. The additional time is required to allow for the receipt of the agreement and to possibly allow the Respondent sufficient time to have an attorney review it prior to its execution.

Thank you,
