Re: Termination of Administrative Order for Compliance
Olson Explosives, Inc.
Docket No.: CWA-07-2014-0036

Dear Mr. Olson:

On February 27, 2014, the referenced Administrative Order for Compliance was issued by the U.S. Environmental Protection Agency to Olson Explosives, Inc., under the authority of Section 309(a) of the Clean Water Act, 33 U.S.C. § 1319(a). The EPA has reviewed the information submitted by you in response to the required compliance activities outlined in Paragraphs 43 through 45 of the AOC, including your recently modified Stormwater Pollution Prevention Plan. The EPA has determined that all requirements of the AOC have been adequately met.

This letter serves as a notification to you that the EPA is terminating the AOC. The decision to terminate the AOC is conditioned upon the accuracy of your representations to the EPA in response to the requirements of the AOC. Termination of this AOC in no way relieves you of the obligation to comply with your National Pollutant Discharge Elimination System permit and all applicable statutes and regulations. The effect of this termination is limited to the requirements imposed under the AOC. The EPA reserves all of its authorities, both legal and equitable, under the CWA and any other statutory, regulatory, or common law authorities of the United States.

If you have any questions relating to this termination letter or the above referenced enforcement action, please contact Seth Draper of my staff at (913) 551-7080, or Kristen Nazar, the attorney assigned to this matter, at (913) 551-7450.

Sincerely,

Karen A. Flournoy
