Subject: Guilty, Mercy! Request a Hearing.

Dear Madam;

As a double minority owned small business, a woman, and East Indian Originated,
If No Mercy Considered, under the following environment,
Surrounded by one of the highest drug users in the nation and wolves,
Shortest supply of competent employees on the planet,
Located in the middle of no where, every call is long distance,
Even the internet freezes, civilization 40 to 75 miles away in any direction,
Power failures are frequent; propane is the only way to keep the premises cozy,
Winter Storms and Winds are unprecedented, even CNN knows this,
To run our water system at - 49 degree F, and keep the sewer lagoon from freezing,
To keep the Feds, Cowboys, Ranchers, Truckers and Roughnecks happy,
We failed to be super humans and erred! There's only so much we could keep up with,
Thus, request a hearing, so that we can sing the above song and elaborate!

Thanking you,

Mani Grewal
