CONSENT AGREEMENT

I. PRELIMINARY STATEMENT

1. This Consent Agreement is entered into by the Director of the Land and Chemicals Division, U. S. Environmental Protection Agency, Region III ("Complainant") and Tony J. Papadimitriou ("Respondent") pursuant to Sections 409 and 16(a) of the Toxic Substances Control Act ("TSCA"), 15 U.S.C. §§ 2689 and 2615(a), the federal regulations set forth at 40 C.F.R. Part 745, Subpart F (the "Disclosure Rule"), and the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits* ("*Consolidated Rules of Practice*"), 40 C.F.R. Part 22.
2. The claims settled herein pertain to the Respondent's alleged failure to comply with requirements of the Residential Lead-Based Paint Hazard Reduction Act of 1992 ("RLBPHRA"), 42 U.S.C. §§ 4851 *et seq.*, and regulations promulgated thereunder, at 40 C.F.R. Part 745, Subpart F, as set forth in the Administrative Complaint and Notice of Opportunity for Hearing ("Complaint") filed against Respondent on September 15, 2008. Such statutory and regulatory provisions are enforceable pursuant to RLBPHRA Section 1018(b)(5), 42 U.S.C. § 4852d(b)(5), and Section 409 of TSCA, 15 U.S.C. § 2689.

II. JURISDICTION

3. The U.S. Environmental Protection Agency ("EPA") and the Office of Administrative Law Judges of the EPA have jurisdiction over the above-captioned matter pursuant to Sections 16 and 409 of TSCA, 15 U.S.C. §§ 2615 and 2689, Section 1018 of Title X of the RLBPHRA, 42 U.S.C. § 4852d, 40 C.F.R. Part 745, Subpart F, and 40 C.F.R. §§ 22.1(a)(5) and 22.4 of the *Consolidated Rules of Practice*.

III. GENERAL PROVISIONS

4. For purposes of this proceeding, Respondent admits the jurisdictional allegations set forth in the Complaint, in this Consent Agreement, and in the attached Final Order.
5. Except as provided in Paragraph 4, immediately above, for the purposes of this proceeding only, Respondent neither admits nor denies the specific factual allegations set forth in the Complaint and this Consent Agreement.
6. Respondent agrees not to contest the jurisdiction of EPA with respect to the execution of this Consent Agreement, the issuance of the attached Final Order (collectively, the "CA/FO"), or the enforcement thereof.
7. For purposes of this proceeding only, Respondent hereby expressly waives any right to contest any issue of law or fact set forth in the Complaint or this Consent Agreement and any right to appeal the accompanying Final Order.
8. Respondent consents to the issuance of this CA/FO and agrees to comply with its terms and conditions.
9. Each Party to this Consent Agreement shall bear its own costs and attorney's fees.

IV. FINDINGS OF FACT AND CONCLUSIONS OF LAW

10. The Findings of Fact and Conclusions of Law set forth in the Complaint are incorporated into this Consent Agreement as if fully set forth at length herein.

V. CIVIL PENALTY

11. In settlement of Complainant's claims for civil penalties for the violations alleged in the Complaint and this CA, Respondent agrees to pay a civil penalty in the amount of Eight Thousand Dollars (\$8,000.00), and perform the Supplemental Environmental Project ("SEP") described in Paragraphs 18 through 28 in this CA. Such civil penalty shall become due and payable immediately upon Respondent's receipt of a true and correct copy of the CA/FO. In order to avoid the assessment of interest, administrative costs and late payment penalties in connection with such civil penalty, Respondent must pay such civil penalty no later than thirty (30) calendar days after the date on which this CA/FO is mailed or hand-delivered to Respondent. Respondent has asserted that he will not be able to pay the civil penalty amount in full within thirty (30) calendar days of the date on which this CA/FO is mailed or hand-delivered to Respondent. As a result, it is the understanding of the parties that Respondent will pay the civil penalty in six installments and will pay interest at the rate of three percent (3%) on the outstanding principal balance

over twelve (12) months according to the schedule in Paragraph 14.

12. The Parties agree and represent that the aforesaid settlement amount is reasonable and is based upon Complainant's consideration of a number of factors, including the penalty criteria set forth in Section 16(a)(2)(B) of TSCA, 15 U.S.C. § 2615(a)(2)(B), *i.e.*, the nature, circumstances, extent and gravity of the violations, and with respect to the Respondent, ability to pay, effect on ability to continue to do business, any history of prior such violations, the degree of culpability, and such other matters as justice may require. These factors were applied to the particular facts and circumstances of this case with specific reference to EPA's *Real Estate Notification and Disclosure Rule: Final Enforcement Response Policy* (February 2000) and *Section 1018 - Disclosure Rule Enforcement Response and Penalty Policy* (December 2007).
13. Pursuant to 31 U.S.C. § 3717 and 40 C.F.R. § 13.11, EPA is entitled to assess interest and late payment penalties on outstanding debts owed to the United States and a charge to cover the costs of processing and handling a delinquent claim, as more fully described below.
 - a. Interest on a civil penalty assessed in a Consent Agreement and Final Order begins to accrue on the date that a copy of such Consent Agreement and Final Order is mailed or hand-delivered to a respondent. EPA does not seek to recover interest on any amount of the civil penalty that is paid within thirty (30) calendar days after the date on which such interest begins to accrue. Interest on the portion of the civil penalty not paid within 30 calendar days will be assessed at the rate of the United States Treasury tax and loan rate in accordance with 40 C.F.R. § 13.11(a). Accordingly, interest payments on the outstanding portion of the civil penalty to be paid in installments as set forth in the payment schedule, below, to which Respondent agrees, are shown in Paragraph 14, below.
 - b. The costs of the Agency's administrative handling of overdue debts will be charged and assessed monthly throughout the period the debt is overdue. 40 C.F.R. § 13.11(b). Pursuant to Appendix 2 of EPA's *Resources Management Directives - Cash Management*, Chapter 9, EPA will assess a \$15.00 administrative handling charge for administrative costs on unpaid penalties for the first thirty (30) day period after the payment is due and an additional \$15.00 for each subsequent thirty (30) days the penalty remains unpaid.
 - c. A penalty charge of six percent per year will be assessed monthly on any portion of the civil penalty which remains delinquent more than ninety (90) calendar days. 40 C.F.R. § 13.11(c). Should assessment of the penalty charge on the debt be required, it shall accrue from the first day payment is delinquent. 31 C.F.R. § 901.9(d).

- d. In order to avoid the assessment of administrative costs for overdue debts, as described above, Respondent must remit installment payments for the civil penalty and accrued interest in accordance with the payment schedule set forth in Paragraph 14, below. In order to avoid the assessment of late payment penalty charges, as described above, Respondent must remit all payments not later than 90 days after they become delinquent.
14. The civil penalty of Eight Thousand Dollars (\$8,000.00) set forth in Paragraph 11, above, shall be paid in twelve (12) installments with interest at the rate of three percent (3%) per annum on the outstanding principal balance in accordance with the following schedule:

- b. 2nd Payment: The second payment in the amount of six hundred eighty-four dollars and seventy-four cents (\$684.74), consisting of a principal payment of \$666.66 and an interest payment of \$18.08, shall be paid within sixty (60) days after the date on which a copy of this Consent Agreement and Final Order is mailed or hand-delivered to Respondent.
- c. 3rd Payment: The third payment in the amount of six hundred eighty-three dollars and ten cents (\$683.10), consisting of a principal payment of \$666.66 and an interest payment of \$16.44, shall be paid within ninety (90) days after the date on which a copy of this Consent Agreement and Final Order is mailed or hand-delivered to Respondent.

Pursuant to the above schedule, Respondent will remit total principle payments for the civil penalty in the amount of eight thousand dollars (\$8,000.00) and total interest payments in the amount of one hundred eight dollars and forty-nine cents (\$108.49).

15. 17. The Respondent agrees not to deduct for federal tax purposes the civil monetary penalty specified in this Consent Agreement and the accompanying Final Order. Respondent further agrees, for federal income tax purposes, that it will neither capitalize into inventory or basis nor deduct any costs or expenditures incurred in performing the SEP.

VI. SUPPLEMENTAL ENVIRONMENTAL PROJECT

18. Respondent shall complete the following SEP, which the parties agree is intended to secure significant environmental and/or public health protections. Not more than 30 days after receiving a true and correct copy of this fully executed and effective CA/FO, Respondent shall commence the Lead Abatement Project as described in the SEP Statement of Work ("SEP SOW") appended to this Consent Agreement as Attachment A.
19. The SEP SOW (Attachment A) shall be fully implemented within thirty-six (36) months

of the effective date of this CA/FO.

20. The total expenditures by Respondent for the design, development, installation, and implementation of the SEP ("Required SEP Expenditures") shall not be less than seventy-two thousand dollars (\$72,000.00). Respondent shall include documentation of the expenditures made in connection with the SEP as part of the SEP Completion Report.
21. Respondent hereby certifies that, as of the date of this Consent Agreement, Respondent is not required to perform or develop the SEP by any federal, state or local law or regulation; nor is Respondent required to perform or develop the SEP by any other agreement, or grant, or as injunctive relief in this or any other case. Respondent further certifies that it has not received, and is not presently negotiating to receive, credit in any other enforcement action for the SEP or any portion thereof.
22. Respondent shall submit a SEP Completion Report to EPA no later than thirty-six (36) months after the effective date of this CA/FO. The SEP Completion Report shall have the following information:
 - a. A detailed description of the SEP as implemented, describing how the SEP has fulfilled all of the requirements described in the SEP SOW;
 - b. A description of any problems encountered and the solutions utilized by Respondent to address such problems;
 - c. An itemization of costs incurred in implementing the SEP. In itemizing the costs in the SEP Completion Report, Respondent shall clearly identify and provide acceptable documentation for all Required SEP Expenditures for which Respondent seeks approval by EPA in accordance with Paragraph 27, below. Where the SEP Completion Report includes costs incurred by Respondent not eligible for SEP credit, such costs must be clearly identified in the SEP Completion Report as ineligible for SEP credit. For purposes of this paragraph, "Eligible SEP Expenditures" shall include the costs for the design, development, installation, and implementation of the Lead Abatement Project as specified in the SEP SOW;
 - d. Certification in accordance with Paragraph 26 of this CA/FO that the SEP has been fully implemented pursuant to the provisions of this CA/FO.
23. Failure to submit the SEP Completion Report required by Paragraph 22, above, shall be a violation of this CA/FO and Respondent shall become liable for stipulated penalties for such violation pursuant to Paragraph 31, below.

24. In itemizing its costs in the SEP Completion Report, Respondent shall clearly identify and provide acceptable documentation for all SEP Expenditures. For purposes of this paragraph, "acceptable documentation" for itemizing SEP Expenditures includes invoices, purchase orders, canceled checks, or other documentation that specifically identifies and itemizes the SEP Expenditures of the goods and/or services for which payment has been made by Respondent. Canceled drafts do not constitute acceptable documentation unless such drafts specifically identify and itemize the individual cost of the goods and/or services for which payment is being made.
25. EPA may inspect any location listed in the SEP SOW at any time to confirm that the SEP is being undertaken in conformity with the specifications referenced herein.
26. Respondent shall maintain legible copies of documentation of the underlying research and data for any and all documents or reports submitted to EPA pursuant to this Consent Agreement and shall provide the documentation of any such underlying research and data to EPA not more than seven days after a request for such information. In all documents or reports, including, without limitation, any SEP reports, submitted to EPA pursuant to this Consent Agreement, Respondent shall, by its officers, sign and certify under penalty of law that the information contained in such document or report is true, accurate, and not misleading by signing the following statement:
- I certify under penalty of law that I have examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fines and imprisonment.*
27. After receipt of the SEP Completion Report described in Paragraph 22, above, EPA shall:
- a. Notify Respondent in writing of any deficiency in the SEP Completion Report itself ("Notice of Deficiency") and grant an additional THIRTY (30) DAYS for Respondent to correct the deficiency;
 - b. Notify Respondent in writing of EPA's determination that the project has been completed satisfactorily ("Notice of Approval"); or
 - c. Notify Respondent in writing that the project has not been completed satisfactorily ("Notice of Disapproval"), in which case, EPA may seek stipulated penalties in accordance with Paragraph 31 herein.
28. Respondent agrees to comply with any requirements imposed by EPA as a result of any

failure to comply with the terms of this CA/FO. If EPA, in its sole discretion and after completion of the Dispute Resolution process set forth below in Paragraphs 29 and 30 of this CA/FO, if applicable, determines that the SEP and/or any report due pursuant to this CA/FO has not been completed as set forth herein, stipulated penalties shall be due and payable by Respondent to EPA in accordance with Paragraph 31 herein.

Dispute Resolution

29. If EPA issues a written Notice of Disapproval rejecting a SEP Completion Report pursuant to Paragraph 27.c, above, EPA shall grant Respondent the opportunity to object in writing to such notification of disapproval within twenty (20) days of receipt of EPA's notification. EPA and Respondent shall have an additional thirty (30) days from the date of receipt by the EPA of the objection by Respondent to resolve and reach an agreement on the matter in dispute. If an agreement cannot be reached within such thirty (30) day period, EPA shall provide to Respondent a written Statement of Decision and the rationale therefor.
30. In the event EPA determines after the expiration of the aforesaid 30-day dispute resolution period that a SEP has not been completed as specified herein or has issued a written Notice of Disapproval for which a timely objection has not been filed by Respondent as provided in Paragraph 29, above, stipulated penalties shall be due and payable by Respondent to EPA in accordance with Paragraph 31 of this CA/FO. The submission of an unacceptable SEP Completion Report shall be the equivalent of the failure to submit a timely SEP Completion Report for purposes of the stipulated penalty provisions set forth in Paragraph 31, below, except that the calculation of any such stipulated penalties shall not run during the pendency of the dispute resolution procedure set forth in Paragraph 29, above, but shall instead run from the date on which Respondent receives EPA's Statement of Decision pursuant to Paragraph 29, above, or, in the event that Respondent has not filed a timely objection to an EPA notice of disapproval, the date following the day of expiration of the 30-day dispute resolution period.

Stipulated Penalties

31. In the event that Respondent fails to comply with any of the terms or conditions of this Consent Agreement relating to the performance of the SEP as described in Paragraphs 18 through 28, above, and to the extent that the Actual SEP Expenditures approved by EPA pursuant to Paragraph 27 of this CA, do not equal or exceed the amount of the Required SEP Expenditures required to be incurred under Paragraph 20 of this CA, Respondent shall be liable for stipulated penalties according to the provisions set forth below:
 - a. Except as provided in subparagraph (b) immediately below, for a SEP which has not been completed satisfactorily pursuant to this CA/FO, Respondent shall pay a

stipulated penalty of seventy-two thousand dollars (\$72,000.00);

- b. If the SEP is not completed in accordance with Paragraphs 18 - 28, but the Complainant determines that Respondent: (i) has made good faith and timely efforts to complete the project; and (ii) has certified, with supporting documentation, that at least 90% of the Required SEP Expenditures under Paragraph 20 of this CA were expended on the SEP, Respondent shall not be liable for any stipulated penalty;
 - c. If the SEP is completed satisfactorily in accordance with Paragraphs 18 - 28 but Respondent spent less than 90% of the amount of SEP Expenditures required to be incurred under Paragraph 20 of this CA, Respondent shall pay as an Additional Penalty an amount up to but not to exceed \$72,000.000, calculated as follows:
$$(\$72,000.00) - [\text{minus}] (\text{Total Approved SEP Expenditures}) = [\text{equals}] \text{Additional Penalty.}$$
 - d. If the SEP is completed in accordance with Paragraphs 18 - 28, and the Respondent spent at least 90% of the Actual SEP Expenditures required to be incurred under Paragraph 20 of this CA, Respondent shall not be liable for any stipulated penalty;
 - e. For failure to submit the SEP Completion Report required by Paragraph 22, above, Respondent shall pay a stipulated penalty of FIVE HUNDRED DOLLARS (\$500) for each day after the deadline set forth in Paragraph 22 until the report is submitted.
32. The determination of whether the SEP has been satisfactorily completed and whether Respondent has made a good faith timely effort to implement the SEP shall be within the sole discretion of EPA after completion of the Dispute Resolution process set forth above in Paragraphs 29 and 30 of this CA/FO, if applicable.
 33. Stipulated penalties for subparagraph 31(e), above, shall begin to accrue on the day after performance is due, and shall continue to accrue through the final day of the completion of the activity.
 34. In no event shall the total of stipulated penalties, plus any SEP Expenditures approved by EPA pursuant to Paragraphs 20 and 27 of this CA/FO, exceed seventy-two thousand dollars (\$72,000.00). Such stipulated penalties shall not accrue during the period of any Dispute Resolution under this CA/FO.
 35. Respondent shall pay stipulated penalties within FIFTEEN (15) DAYS after receipt of

written demand by EPA for such penalties. The method of payment shall be in accordance with Paragraph 16, above.

LANGUAGE TO BE INCLUDED IN PUBLIC STATEMENTS

36. Any public statement, oral or written, in print, film or other media, made by Respondent, making reference to this SEP shall include the following language: "This project was undertaken in connection with the settlement of an enforcement action taken by the U.S. Environmental Protection Agency for violations of requirements of the Residential Lead-Based Paint Hazard Reduction Act of 1992, 42 U.S.C. §§ 4851 *et seq.*, and regulations promulgated thereunder, as set forth in 40 C.F.R. Part 745, Subpart F."

PROVISIONS IN EVENT OF DELAY OR ANTICIPATED DELAY

37. If any event occurs which causes or may cause delays in the completion of the SEP as required under this CA/FO, Respondent shall notify Complainant in writing not more than TWENTY (20) DAYS after the delay or when Respondent knew or should have known of the anticipated delay, whichever is earlier. The notice shall describe in detail the anticipated length of the delay, the precise cause or causes of the delay, the measures taken and to be taken by Respondent to minimize the delay, and the timetable by which those measures shall be implemented. The Respondent shall adopt all reasonable measures to avoid or minimize any such delay. Failure by Respondent to comply with the notice requirements of this Paragraph shall render this Paragraph void and of no effect as to the particular incident involved and constitute a waiver of the Respondent's right to seek an extension of the time for performance of its obligations under this CA/FO.
38. If the Parties agree that the delay or anticipated delay in compliance with this CA/FO has been or will be caused by circumstances entirely beyond the control of Respondent which could not be overcome by due diligence, the time for performance hereunder may be extended for a period no longer than the delay resulting from such circumstances. In such event the Parties shall stipulate to such extension of time.
39. In the event that EPA does not agree that the delay in achieving compliance with this CA/FO has been or will be caused by circumstances entirely beyond the control of Respondent which could not be overcome by due diligence, EPA will notify Respondent in writing of its decision and any delays in the completion of the SEP shall not be excused.
40. The burden of proving that any delay is caused by circumstances entirely beyond the control of Respondent which could not be overcome by due diligence shall rest with the Respondent. Increased costs or expenses associated with the implementation of actions called for by this CA/FO shall not, in any event, be a basis for changes in this CA/FO or

extensions of time under Paragraph 38 of this CA/FO. Delay in achievement of one interim step shall not necessarily justify or excuse delay in achievement of subsequent steps.

SATISFACTION OF SETTLEMENT CONDITIONS

41. A determination of compliance with the conditions set forth herein will be based upon, inter alia, copies of records and reports submitted by Respondent to EPA under this CA/FO and any inspections of the work performed under the SEP that EPA reasonably determines are necessary to evaluate compliance. Respondent is aware that the submission of false or misleading information to the United States government may subject it to separate civil and/or criminal liability. Complainant reserves the right to seek and obtain appropriate relief if Complainant obtains evidence that the information provided and/or representations made by Respondent to Complainant regarding the matters at issue in the Factual Allegations and Conclusions of Law are false or, in any material respect, inaccurate.
42. If EPA determines that Respondent has complied fully with the conditions set forth herein, EPA, through the Regional Administrator of U.S. EPA - Region III, or his designee, shall promptly issue a Letter of Remittance Upon Satisfaction of Settlement Conditions, which shall state that Respondent has performed fully the conditions set forth in this CA/FO and paid all penalty amounts due pursuant to the terms of this CA/FO.

VII. EFFECT OF SETTLEMENT

43. The settlement set forth herein shall constitute full and final satisfaction of all civil claims for penalties which Complainant may have under TSCA for the specific violations alleged in the Complaint and herein. Compliance with this CA/FO shall not be a defense to any action commenced at any time for any other violation of the federal laws and regulations administered by EPA.

VIII. OTHER APPLICABLE LAWS

44. Nothing in this CA/FO shall relieve Respondent of his obligation to comply with all applicable federal, state, and local laws and regulations.

IX. CERTIFICATION OF COMPLIANCE

45. Respondent certifies to Complainant, upon investigation, to the best of his knowledge and belief, that Respondent, currently is complying with the provisions of TSCA, and the regulations promulgated thereunder at 40 C.F.R. Part 745, Subpart F, that are referenced in this Consent Agreement.

X. RESERVATION OF RIGHTS

46. This Consent Agreement and the accompanying Final Order resolve only EPA's claims for civil monetary penalties for the specific violations alleged in the Complaint. EPA reserves the right to commence action against any person, including Respondent, in response to any condition which EPA determines may present an imminent and substantial endangerment to the public health, public welfare, or the environment. In addition, this settlement is subject to all limitations on the scope of resolution and to the reservation of rights set forth in Section 22.18(c) of the Consolidated Rules of Practice. Further, EPA reserves any rights and remedies available to it under TSCA, the RLBPHRA, the regulations promulgated thereunder at 40 C.F.R. Part 745, Subpart F, and any other federal laws or regulations for which EPA has jurisdiction, to enforce the provisions of this CA/FO, following its filing with the EPA Regional Hearing Clerk.
47. Nothing in this CA/FO shall constitute or be construed as a release of Respondent from any claim, cause of action, or demand in law or equity by any person, firm, partnership, or corporation not bound by this CA/FO for any liability relating in any way to the presence of lead-based paint and/or lead-based paint hazards at or in any target housing which is the subject of this CA/FO.

XI. PARTIES BOUND

48. This Consent Agreement and the accompanying Final Order shall apply to and be binding upon the EPA and the Respondent.

XII. EFFECTIVE DATE

49. The effective date of this Consent Agreement and the accompanying Final Order is the date on which the Final Order, signed by the Regional Administrator of EPA Region III, or his designee and the Regional Judicial Officer, is filed with the EPA Regional Hearing Clerk pursuant to the Consolidated Rules of Practice.

XIII. ENTIRE AGREEMENT

50. ATTACHMENT A

Supplemental Environmental Project Statement of Work ("SEP SOW")

As outlined in this attachment, Tony J. Papadimitriou ("Respondent") has agreed to perform the following Supplemental Environmental Project ("SEP"), which will constitute a portion of the settlement of the administrative enforcement action brought by EPA against Respondent to address alleged violations of the Toxic Substances Control Act ("TSCA") and the Real Estate Notification and Disclosure Rule for Lead-Based Paint (the "Disclosure Rule"). The SEP, which is a Lead Abatement Project, is environmentally beneficial, is being undertaken in settlement of an enforcement action, and Respondent is not otherwise legally required to perform it. The SEP is consistent with the underlying statute, is designed to reduce the likelihood that similar violations will occur in the future in the properties where the SEP is completed, and reduces the overall risk to human health and the environment. The SEP falls under the category of Pollution Reduction in the EPA Supplemental Environmental Projects Policy ("SEP Policy") effective May 1, 1998, Section D.6. (63 *Fed. Reg.* 24796 [May 5, 1998]).

This SEP will involve Lead Abatement at several properties owned by Respondent where lead-based paint and/or lead-based hazards are known to exist and/or lead-based paint and/or lead-based hazards are discovered via testing. The SEP will include, among other things, determining the presence of and locating lead-based paint and/or lead-based hazards as well as performing lead-based paint and/or lead-based paint hazard abatement, as that term is defined in 40 C.F.R. § 745.223. Typical abatement projects include, but are not limited to, window/door replacement, window sill and door jamb replacement and lead-based paint identification and removal by a certified Lead Abatement Contractor. **Abatement does not include renovation, remodeling, landscaping or other activities, when such activities are not designed to permanently eliminate lead-based paint hazards. Furthermore, abatement does not include interim controls, operations and maintenance activities designed to temporarily, but not permanently, reduce lead-based paint hazards.**

The Complaint and Consent Agreement and Final Order ("CA/FO") filed in this matter provide more information on the alleged violations and the penalty.

I. Supplemental Environmental Project

The SEP involves Lead Abatement.

1. Respondent agrees to solicit bids from and enter into appropriate contracts with independent licensed Lead Abatement contractors to perform the following SEP tasks at as many of the Respondent's residential rental properties as practicable located at: 230 E. Ross St., Lancaster, Pennsylvania, 237 E. Rock St., Lancaster, Pennsylvania, 305 E. Filbert St., Lancaster, Pennsylvania, 491 New Holland Ave., Lancaster, Pennsylvania, 602 N. Marshall St., Lancaster, Pennsylvania, 713 N. Duke St., Lancaster, Pennsylvania, and 721 N. Shippen St., Lancaster, Pennsylvania

(collectively, "SEP Target Housing") in accordance with the schedule, standards, conditions, and reporting milestones as set forth more fully below. Such contracts shall provide for the performance of the following tasks:

- a. Identify and locate and document the lead-based paint and/or lead-based paint hazards in the SEP Target Housing.
 - b. Perform lead-based paint "abatement," as defined in 40 C.F.R. Section 745.223 by removing all lead-based paint from the interiors and exteriors of the SEP Target Housing ("Abatement Tasks") up to the dollar limit set forth in Paragraph 20 of the CA;
 - c. Implement the "Post-Abatement Clearance Procedures" set forth at 40 C.F.R. Section 745.227(e)(8), to verify that the SEP has been completed fully (including any sampling and clean-up of any lead-contaminated dust or debris generated by the abatement work), subject to the dollar limit set forth in Paragraph 20 of the CA;
 - d. Complete an "Abatement Report" and, if necessary, complete "Post-Abatement Work" and a "Post-Abatement Report" as set forth in 40 C.F.R. § 745.227(e)(10) documenting the overall implementation of the SEP for the SEP Target Housing; and
 - e. Complete and submit a "SEP Completion Report" in accordance with Paragraph 22 of the CA.
2. Respondent shall ensure that all abatement and post-abatement work performed pursuant to the CA/FO is performed in conformance with EPA standards as contained in 40 C.F.R. Part 745 and any other applicable State and local laws or regulations.
 3. For the purposes of the CA/FO, lead-based paint is defined as paint or other surface coatings that contain lead equal to or in excess of 1.0 milligrams per square centimeter or more than 0.5 percent by weight as referenced in the definition for "Lead-based paint" in 40 C.F.R. § 745.223.
 4. Respondent shall ensure that no child under the age of six and no pregnant woman is present in the SEP Target Housing throughout the period beginning on the date abatement work is commenced in such Target Housing until all Post-Abatement Clearance Procedures or necessary Post-Abatement work has been completed. Respondent also shall ensure that no persons other than those performing the work required to implement the SEP are present in the SEP Target Housing while such work is actually being performed.
 5. Respondent shall pay reasonable expenses associated with temporary relocation of

any tenant of SEP Target Housing in the event that such tenant must evacuate the SEP Target Housing for a period of 24 hours or more to allow Respondent to perform any of the SEP tasks. Respondent may apply any reasonable expenses spent on providing any such tenant with alternative housing towards the total SEP cost.

6. Respondent shall solicit bids for, provide funds for, and enter into such contracts as are necessary to ensure completion of the following SEP tasks in accordance with the schedule set forth below:
 - a. "Days" as used herein shall mean calendar days unless specified otherwise;
 - b. Within thirty (30) days of the effective date of the CA/FO, Respondent shall enter into a contract with a certified lead abatement contractor to perform the Abatement Tasks as described in Paragraphs 1.a. and b.;
 - c. Within five (5) days of entering into such contract referenced in Paragraph 6.b., above, Respondent shall submit to EPA a copy of said contract to Mr. Kyle J. Chelius at the address found in Paragraph 16.i. in the CA;
 - d. Within thirty-three (33) months of the effective date of the CA/FO, Respondent shall have completed the Abatement Tasks, in accordance with the abatement procedures set forth in 40 C.F.R. § 745.227(e);
 - e. Within ten (10) days the completion of the Abatement Tasks, Respondent shall submit written notification to EPA at the addresses set forth in Paragraph 16.i. of the completion of the Abatement Tasks.
 - f. Within thirty (30) days after the completion of the Abatement Tasks Respondent shall enter into a contract with an independent inspector or risk assessor (not affiliated with the certified lead abatement contractor identified in Paragraph 6.b.), to implement the Post-Abatement Clearance Procedures set forth at 40 C.F.R. § 745.227(e)(8), to verify:
 - i. that the interior and/or exterior lead-based paint abatement has been completed fully and that the abated area does not contain lead-based paint; and
 - ii. that all sampling and clean-up of lead-contaminated dust and debris generated during the abatement has been completed.
 - g. Within five (5) days after entering into a contract for the performance of the Post-Abatement Clearance Procedures, Respondent shall send to EPA, at the addresses set forth in Paragraph 16.i. of the CA/FO, a copy of such contract.

- h. The Post-Abatement Clearance Procedures for the SEP must be completed within forty-five (45) days after the completion of the Abatement Tasks.
 - i. Within twenty (20) days of the completion of the Post-Abatement Clearance Procedures, Respondent shall enter into a contract with an independent inspector or risk assessor (not affiliated with the certified lead abatement contractor identified in Paragraph 6.b.) for the preparation of an Abatement Report as described in Paragraph 1.d., above.
 - j. Within five (5) days of entering into the contract for preparation of an Abatement Report, Respondent shall submit to EPA a copy of such contract.
 - k. The Abatement Report shall be completed within fifty (50) days after the completion of the Post-Abatement Clearance Procedure tasks.
 - l. Within five (5) days after completion of the Abatement Report, Respondent shall send a copy of that report to EPA at the addresses set forth in Paragraph 16.i. of the CA/FO.
 - m. If the Abatement Report indicates that any part of the SEP Target Housing upon which abatement tasks were performed or attempted to be performed pursuant to the CA/FO still contains lead-based paint, Respondent shall ensure that such lead-based paint is removed in conformance with the requirements set forth in 40 C.F.R. Part 745, Subpart L, including any applicable post-abatement clearance procedures ("Post-Abatement Work"). Respondent shall enter into a contract(s) with an independent third party(ies) for the performance of such Post-Abatement work no later than fifteen (15) days after completion of the Abatement Report. Such Post-Abatement work shall be completed within thirty (30) days after completion of the Abatement Report. Respondent shall submit to EPA at the addresses set forth in Paragraph 16.i. of the CA/FO such Post-Abatement Report documenting the findings of such Post-Abatement Work within fifteen (15) days after completing such Post-Abatement Work.
 - n. Before initiating any SEP tasks described herein, Respondent shall obtain, at its own expense, all permits, licenses, and other forms of approval or authorization necessary to conduct the SEP from all relevant federal, state, and local agencies or departments.
7. Respondent may apply any funds spent on the SEP, including Abatement Tasks, Post-Abatement Clearance Procedures, Abatement Report, Post-Abatement Work, Post-Abatement Report, Project Completion Report (described below), and any other task which EPA determines in writing is necessary for the implementation of the SEP, towards the Seventy-two Thousand Dollars (\$72,000.00) SEP cost referenced in Paragraph 20 of the CA. Such costs may also include funds reasonably expended by

Respondent on testing for lead-based paint on SEP Target Housing to be addressed under the SEP prior to the commencement of the SEP, provided that such testing has been performed in accordance with all applicable federal, state and local laws, and any funds reasonably expended on providing tenants of the SEP Target Housing with alternative housing as set forth in Paragraph 5 of this attachment. ***However, regardless of whether Respondent has met or exceeded the minimum dollar expenditure set forth in Paragraph 20, Respondent must complete the Post-Abatement Clearance Procedures, Abatement Report, Post-Abatement work (if necessary), Post-Abatement Report (if necessary), and SEP Completion Report.***
