CONSENT AGREEMENT

I. Statutory Authority

1. This is a civil penalty proceeding under Section 309(g)(2)(A) of the Clean Water Act (CWA), 33 U.S.C. § 1319(g)(2)(A), and the *Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders and the Revocation, Termination or Suspension of Permits*, published at 64 Fed. Reg. 40176 (July 23, 1999), codified at 40 Code of Federal Regulations (C.F.R.) Part 22 (Part 22).

2. The Administrator has delegated this authority to the Regional Administrator Region 4, who in turn has redelegated this authority to the Director of the Water Protection Division, who in turn has delegated this authority to the Chief of the Clean Water Enforcement Branch of EPA Region 4 (Complainant).

II. Statutory and Regulatory Background

3. Section 309(g)(1) of the CWA, 33 U.S.C. § 1319(g)(1), states "[w]henever, on the basis of any information available - the Administrator finds that any person has violated [section 301 of the CWA, 33 U.S.C. § 1311], . . . the Administrator . . . may, after consultation with the State in which the violation occurs, assess a class I civil penalty or a class II civil penalty under [33 U.S.C. § 1319(g)(2)]."

4. Section 301(a) of the CWA, 33 U.S.C. § 1311(a), states "[e]xcept as in compliance with . . . [Section 404 of the CWA, 33 U.S.C. § 1314], the discharge of any [dredged or fill material] by any person shall be unlawful." Section 404 of the CWA, 33 U.S.C. § 1344, authorizes the Secretary of the Army, acting through the Chief of Engineers, U.S. Army Corps of Engineers (COE), to issue permits for the discharge of dredged or fill material into navigable waters.

5. Section 502(12) of the CWA, 33 U.S.C. § 1362(12), defines a "discharge of pollutants" as "[a]ny addition of any pollutant to navigable waters from any point source"

6. Section 502(14) of the CWA, 33 U.S.C. § 1362(14), defines “point source” as “[a]ny discernible, confined and discrete conveyance, including but not limited to any pipe, ditch, channel, tunnel, conduit [or] discrete fissure . . . from which pollutants are or may be discharged.”

7. Section 502(7) of the CWA, 33 U.S.C. § 1362(7), defines “navigable waters” as “[t]he waters of the United States, including the territorial seas.”

8. Federal regulations under 40 C.F.R. § 232.2 define the term “waters of the United States” to include “wetlands.”

9. Federal regulations under 40 C.F.R. § 232.2 and 33 C.F.R. § 328.3(b) define “wetlands” as “[t]hose areas that are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions.”

III. Allegations

10. The term “Discharge Area” means the jurisdictional waters that have been impacted either through filling or dredging as a result of the unauthorized activities that are the subject of this enforcement action. More specifically, the Discharge Area is at the intersection of Towles Road and Jimmy Deloach Parkway in Chatham County, Georgia, near 32° 9'15.26"N latitude and 81°17'4.45"W longitude. The Discharge Area is indicated on the enclosed Exhibits A and B.

11. The term “Site” means the parcel or parcels of land on which the Discharge Area is located.

12. Robert Lee (Respondent), at all times relevant to this Consent Agreement and Final Order (CAFO), was the owner and/or operator of the Site.

13. Robert Lee is a person within the definition set forth under section 502(5) of the CWA, 33 U.S.C. § 1362(5).

14. Commencing 2012 and 2013, Respondent, or those acting on behalf of the Respondent, discharged dredged and/or fill material into wetlands on the Site using earth moving machinery, during unauthorized activities associated with the clearing and filling of wetlands for commercial development.

15. Respondent impacted approximately 1.0 acre of wetlands (Discharge Area) that abut an unnamed perennial tributary within the Walthour Swamp which connects to the St. Augustine Creek. St. Augustine Creek is a perennial tributary of the Savannah River, a navigable-in-fact water of the United States.

16. The discharged dredged and/or fill material, including earthen material deposited at the Discharge Area, are “pollutants” as defined under the CWA § 502(6), 33 U.S.C. § 1362(6).

17. The excavators and bulldozers employed by the Respondent to deposit the dredged and/or fill material at the Discharge Area are “point sources” as defined under the CWA § 502(14), 33 U.S.C. § 1362(14).

18. Respondent’s placement of the dredged and/or fill material at the Discharge Area constitutes a “discharge of pollutants” as defined under the CWA § 502(12), 33 U.S.C. § 1362(12).

19. At no time during the discharge of dredged and/or fill material at the Discharge Area from 2012 and 2013, did the Respondent possess a permit under Section 404 of the CWA, 33 U.S.C. § 1344, authorizing the activities performed by Respondent.

20. Each discharge by the Respondent of pollutants into navigable waters without the required permit issued under Section 404 of the CWA, 33 U.S.C. § 1344, is a violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).

21. Each day the material discharged by the Respondent remains in waters of the United States without the required permit under Section 404 of the CWA, 33 U.S.C. § 1344, constitutes a day of violation of Section 301 of the CWA, 33 U.S.C. § 1311.

IV. Stipulations and Findings

27. EPA reserves the right to assess and collect any and all civil penalties for any violation described in this Consent Agreement to the extent that any information or certification

29. Under Section 309(g)(2)(A) of the CWA, 33 U.S.C. § 1319(g)(2)(A), and 40 C.F.R. § 19, and considering the nature of the violations and other relevant factors, EPA has determined that FIVE THOUSAND DOLLARS (\$5,000) is an appropriate civil penalty to settle this action.

30. Respondent shall submit payment of the penalty specified in the preceding paragraph within 30 days of the effective date of this CAFO via a cashier's or certified check, payable to the order of "Treasurer, United States of America." 33. Under Section 309(g)(9) of the CWA, 33 U.S.C. § 1319(g)(9), failure by the Respondent to pay the penalty assessed by the CAFO in full by its due date may subject the Respondent to a civil action to collect the assessed penalty plus interest (at currently prevailing rates from the effective date of this CAFO), attorney's fees, costs for collection proceedings and a quarterly nonpayment penalty for each quarter during which such failure to pay persists.
