Re: Transmittal of Final Administrative Order
Docket Number: SDWA-06-2018-1108

Dear Mr. Robinowitz:

Enclosed is a Final Administrative Order (Order) issued to Grand Resources, Inc. (Grand Resources) for violations of the Safe Drinking Water Act (SDWA). These violations were identified based on the findings in paragraphs one through seven of the Proposed Administrative Order (Proposed AO) issued on August 15, 2018. This Final Order does not assess a monetary penalty; however, it does require compliance with SDWA requirements. Within 90 days of the date of this Final Order Grand Resources is required to:

Well No. 11 (OS4907) - Complete proper plugging in accordance with 40 C.F.R. § 147.2905;

Well No. 317 (OS3736) - Repair Well No. 317 and successfully demonstrate mechanical integrity according to regulations at 40 C.F.R. § 147.2912 and

Well No. W-12 (OS2522)

- a) If Respondent plans to use Well No. W-12 for the underground injection of fluids,
 - i) Repair the well and successfully demonstrate mechanical integrity according to regulations at 40 C.F.R. § 147.2912
- b) If Respondent does not plan to use Well No. W-12 for the underground injection of fluids:
 - i) Permanently plug and abandon Well No. W-12 in accordance with 40 C.F.R. § 147.2905, or
 - ii) Convert Well No. W-12 to production use.

We did not receive any comments on the Proposed AO from the public and Grand Resources did not request a hearing. The Proposed AO is hereby made final. The SDWA provides that you, or any person who commented on the Proposed AO, may file an appeal of the final order with the United States District Court for the District of Columbia or the district in which the violations occurred. Such appeal must be filed
